HAVE A SILENT HOUSE

AUTOMATIC GAS REFRIGERATORS

MAKE NO NOISE

**NO MOVING PARTS NOTHING TO WEAR OR
GET OUT OF ORDER**

No startling click and whirr in the still of the night when you have a silent GAS REFRIGERATOR. Day or night there's never the slightest sound from it, because this refrigerator has no machinery—not a single moving part. Yet it does its job perfectly, maintaining an even cold in the food storage space, freezing ice cubes quickly, making frozen dainties that are just right. Because there is nothing to wear or get out of order, and because the finish is as nearly indestructible as it is possible to make it, an **Automatic Gas Refrigerator** is a lifetime investment. Hundreds of old and worn automatic refrigerators have already been replaced with gas. You might as well **GET YOURS NOW**
