Reflector Club Holds Christmas Party

On January fifth at Doud Post the Reflector Club held its second annual Christmas party.

An excellent turkey dinner was served which was relished by all. During the dinner, Mr. Magin, President of the Company, was presented with this pledge of continued cooperation:

WITH THE RUSH AND HARSH CONDITIONS OF WAR BEHIND US AND THE PROBLEMS OF PEACETIME CONVERSION AHEAD OF US,

We the Foremen of WOLLENSAK OPTICAL Co.

Pledge our combined eight hundred years of experience, to the welfare and prosperity of the Wollensak Optical Co.

The Reflector Club

Mr. Magin aptly expressed his gratitude to the men for their fine expression of cooperation, and added that he knew he could depend upon them in peacetime as he did in wartime.

Ed Springer, Production Manager, also addressed the group, expressing his personal thanks to the men for their fine cooperation. He also pointed out to them the benefits resulting from their cooperation which would be manifested.

After the dinner an excellent floor show and entertainment was provided. The evening was completed with dancing

Odds & Ends about the Shop

Savings Plan Inaugurated

Effective February 15 something new is being added for the benefit of the employees—a weekly savings plan. According to this plan, each employee will allot a certain amount of money from his weekly salary to be deposited in the bank for him as savings. Details of this plan have been distributed to all employees, and as this goes to press, the response has been overwhelming.

Rochester Transit Corporation Promises Cooperation

At the recent Labor-Management meeting it was brought up that the bus service at five o'clock was in need of some adjustment. Accordingly, a letter was sent to the Rochester Transit Corporation, following which two representatives called at our office to discuss this matter.

They have promised, as a result of this visit, that the bus schedules would be revised to enable the workers getting through at five o'clock to board a bus without the necessity of waiting for five or ten minutes. We feel that this new schedule should nicely handle the situation which has been presented to the Labor-Management Committee.

Movies to be Discontinued

Because of the lack of suitable films and the lagging interest in the movies, it was voted at the recent Labor-Management meeting to discontinue these movies.

until the wee small hours, and, of course, Frank Wollensak "gave with the trombone" which was a surprise to everyone, including Frank. Gordon Hall's and Fred Breitung's dancing also highlighted the evening's entertainment.

Orchids to the Lens Division

In August, 1942 the people of the Lens Division began sending cigarettes to their men in service. From then until September, 1944, approximately 800 cartons were sent.

September 14, 1944, the Reynolds Tobacco Company notified Frank Hilberer that they would be unable to send any more cigarettes. So, immediately the Lens Division decided that something else must be done for the men and women in service. On March 3, 1945, the Lens Division began sending bonds to the servicemen and women. The names were selected by a drawing. From then until December 18, 1945, \$1,175.00 in bonds was sent. The contributions were entirely voluntary on the part of the employees of the Lens Division. In the final drawing of bonds for the Lens Division servicemen and women, the following employees were winners:

- Max Distler, S2/C
- Thomas O'Brien, Pvt.
- Joseph Distler, S2/C
- Leo Zenkel, Jr., Sgt.
- Charles Kritchen, Pvt.

In addition, for two years at Christmas, packages were sent to those in service, containing the following: 1 pipe, 1 lb. tobacco, 1 tobacco pouch, cigarettes or cigarette making machine and tobacco.

The SENTRY congratulates the Lens Division on this fine record of "remembering," and we are sure that the men and women in Service won't forget it ever. Again, orchids to you for a job well done!
