No. 4

## Third Liberty Loan Parade

April 6th, 1918

IF Uncle Sam had any doubt as to whether or not Rochester was with him on the Third Liberty Loan, he should have been here on Saturday afternoon, April 6th, and after he had seen the demonstration afforded this occasion, he would have signed his name to a thirty-day note for several billions with no cause for worry.

About 3,500 employees of Kodak Park registered and promised to march, but due to the fact that the greater share of them had to cross the city and the line of parade in order to reach the point of mobilization, only about

two-thirds of this number were in line. This, however, with the delegations from the other Eastman branches expressed the spirit of our employees.

MISS HELENA L. BAYBUTT  
Watching the Liberty Parade

The Kodak Park division was led by our band of forty-five pieces, which rendered marching music of a most excellent quality. Next in line came the superintendents led by Messrs. Haste and Wilcox, followed by Mrs. Thompson and the girls. Two excellent features

were conducted by the girls. Eight of the Plate Department girls, who were led by Olive Hartell, carried our large service flag, while fifteen

Spoolers from Building 12, wearing Liberty hats, carried two very appropriate banners.

A large float, representing the ruins of a Belgian home, showing Miss Blanche Wing Edna Robbins and R. Ellison representing a widow and her children, made a deep impression on the people along the line

place in line. Both those in the line as well as the spectators seemed to enter into the spirit of the occasion.

This parade was just a forerunner, a sort of "getting set" for what we

are all going to do to support the Third Loan. Everybody knows what his duty is, and if you have not already subscribed, go at

VIEWS OF THE PARADE

of march, bringing as it did a better sense of understanding what our Allies have been through and what we must prevent in America.

Thomas King of the Pipe Shop, as Uncle Sam, led the men's division which were arranged according to Building number, thereby making it very easy for everyone to locate their

once and fill out your application.

Help to make the world "Right."

### "77"

The accompanying photograph shows George Yeares who has been employed at Kodak Park for a period of sixteen years, most of this time

GEORGE YEARES

having been spent in guarding the entrance of Building No. 29.

On first coming to the department he was horrified to find all kinds of mice and large rats running at will throughout the basement corridors. He tried out cat after cat in an effort to be rid of these Rat "robbers," as he called them, but each cat left the job without giving George any reason or due notice. When about to give up all hope he brought with him one morning a small gray tramp cat. The next

day she laid at George's feet a rat about the same size as herself. George said, it was the "King" rat of the building for in a week no more were to be seen. This cat, now twelve years old, is still in Building 29 and although having the honor of being the mother of fifty-eight kittens, so George says, as he has kept track of them all, she still makes her nightly tour of the building to keep it safe from the rodent family.

Although 77 years of age, George has lost but two days during these sixteen years of service, this was due to a broken arm caused by a fall. He attributes his keen memory, good health and athletic ability to the total abstinence of tobacco and alcohol in any form. George also uses very little meat, his diet consisting mostly of vegetable foods. The most wonderful part of his age is that as the years come and go he feels better and spryer than the year before. His one ambition, he says, is to still be guarding Building No. 29 when he reaches one hundred.

—By D. A. B.

### Sure

It doesn't do a bit of harm

To Grin

It never causes much alarm

To Smile;

Men have been known to laugh while at their work,

Yet Win—

With cheerfulness to do their tasks, nor shirk

The While

So, if you like your job—as you pursue it,—And feel like smiling—why, my boy, go to it!

## Do You Practice Safety?

**E**XCELLENT results are being obtained by the "General Safety Committee" on their periodical tours of inspection, throughout the plant. A great many of the departments maintain a perpetual committee, changing its personnel from time to time, and its worth has been proven not only by the decrease in the number of accidents, but also in the improvement of working conditions.

There is perhaps no department on Kodak Park where the advantages and benefits of a Safety Committee are more keenly appreciated than in the Chemical Plant. Here a committee is appointed consisting of a foreman, assistant foreman, two workmen and a secretary, each from a different branch of the work, for a period of two months, one inspection being made each week. Before starting out a meeting is held in the office of the superintendent where the duties of the committee are gone over and points discussed relative to the best manner of obtaining results. When the inspection is completed the members again meet with the superintendent when the points gathered together are gone over one by one and a satisfactory disposition made of same. This plan has done much to impress upon the men the necessity of carefulness and has made every man a safety booster.

The fact that a man has been chosen for safety committee work shows that he has been an observant workman along the lines of safety and his work on the committee gives

him an opportunity to further show his ability.

A campaign has been started to stimulate interest in safety and accident prevention. If there is room for improvement in your department along this line, look after it at once. Advice will be readily given at any time by the General Safety Committee who are as follows: R. C. Ruckoldt, chairman, Thomas Frost, Matt Johnson, Wm. Doane, C. S. Hallauer, secretary.

### Kodak Park Accident Record

	1914	1915	1916	1917	1918
January	12	8	9	5	2
February	11	1	9	6	6
March	8	12	5	6	4
April	6	5	4	4	
May	4	9	11	7	
June	9	6	6	5	
July	9	8	1	5	
August	4	7	7	5	
September	2	10	5	9	
October	5	7	1	5	
November	4	5	8	5	
December	4	5	5	8	
	78	83	71	70	

Although the number of accidents have been reduced, it has been those accidents around machinery that have been eliminated, due to proper and sufficient safety guards, while falling tools, slipping and running and other accidents due entirely to carelessness are increasing. Running at noon-hour to the Dining Hall is very dangerous and must be stopped. If a few of these ten second men would come out for our track team we would have all the championships in the country, but this is the wrong place to practice as we have a cinder track for this purpose where lives will not be endangered.

### Kodak Park Main Office Circle

Our Red Cross Circle was organized in March, 1917, for the purpose of knitting sweaters and other articles for the men in service. The first work was done for the Battleship "Louisiana" which was outfitted by Mrs. Ely of East Avenue. Mrs. Henry Strong donated the money and twelve scarfs were made and returned to Mrs. Ely. On May 25th, Mr. Markus collected \$85.00 from the members of the Superintendents' Lunch Club, \$69.00 of which was used to buy operating towels, table napkins and yarn for Base Hospital No. 19. A balance of \$16.00 was deposited with the Red Cross, 117 sweaters have been returned and the deposit is still in use.

A basketball game was given in the Assembly Hall for the benefit of Kodak Park men who leave for military service. The receipts totalled \$82.10.

On January 26th, Mrs. P. S. Wilcox and Mrs. H. H. Tozier gave a party at the home of Mrs. Wilcox to raise money for wool, and \$185.00

was donated. To date 53 sweaters have been made at a cost of \$173.39, leaving a balance of \$11.61, added to \$6.50 for wool sold, leaves \$18.10 on hand.

The following articles have been finished:

Twelve scarfs, for the Battleship "Louisiana"—materials furnished by Mrs. Henry Strong.

Forty-four operating towels, 65 table napkins, 133 sweaters, 6 pairs socks and \$16.00 on deposit; given to Base Hospital No. 19—materials furnished by Members of the Lunch Club.

Thirty-seven sweaters, 11 pairs wristlets, 1 helmet, 1 pair socks—K. P. A. A., basketball receipts.

Fifty-three sweaters to date and \$18.10 on hand; Kodak Park Men—Mrs. P. S. Wilcox.

Total of 363 finished articles for the year ending March 1st, 1918.

Elmer after he had received the sweater from Edna Pownall of Building 4

### IF WE WIN

This will be the Last War

### IF WE LOSE

—It will be but the beginning of wars upon wars, a holocaust with slaughter, famine and unspeakable horrors.

The issue is plain. It is up to you. Either sacrifice now or make the supreme sacrifice later.

## Recognition and Rewards

for Suggestions Adopted and Put in Force from February 1, 1918  
to March 1, 1918

### Reduction in Costs

#### Award of \$20.00

LLOYD F. CHAMPLIN

- 31450 Change in equipment effecting a saving in Power Dept.

CHAS. W. WAGER

- 36282 Additional pipe line resulting in a saving in water, Building No. 31.

#### Award of \$10.00

G. NELSON

- 38465 Suggestion effecting a saving and resulting in increased safety, Building No. 8.

LEDYARD C. HOLCOMB

- 37582 Additional equipment which results in a saving of labor, Building No. 26.

#### Awards of \$5.00

L. H. JOHNSON

- 34031 More economical method of doing certain work, E. & M. Department.

R. K. GENTNER

- 34684 Suggestion which effects a saving in the use of lights, Building No. 26.

### Improvement in Manufacturing Methods

#### Awards of \$10.00

L. G. ARCHER

- 31214 Suggestions resulting in improved manufacturing conditions and convenience,  
31215  
34691 P. & S. Dept.  
34692  
37721  
44013

#### Award of \$6.00

STEWART CARROLL

- 37498 Better method of handling operations, Chemical Plant.  
37499

#### Awards of \$5.00

ED. J. BACH

F. C. DRURY

- 38340 Arrangement which results in improvement in operation, Chemical Plant.

- 40020 Improvement on machine in Building No. 29, resulting in improved manufacturing conditions.

**J. A. NITSCHÉ**

- 33700 Suggestions resulting in improved method and increased safety, E. & C. Department.  
33710

**JOHN E. MACARTHUR**

- 33706 Additions to machine in E. & C. Department, resulting in safety and convenience.  
36928

**C. A. DOESCHER**

- 33339 Method of handling work which gives a more accurate result, Chemical Plant.

**Awards of \$3.00****I. HAMBURG**

- 43725 Better way of handling work, Building No. 36.

**RICHARD KERBS**

- 36625 Method of improving street surface.

**WELLAND WOOD**

- 36771 Change which results in better manufacturing conditions, Power Department.

**MICHAEL ASCROFT**

- 36055 Improvement on machine, Building No. 2, effecting better results.

**WILLIAM B. REHBERG**

- 36907 Better method of handling certain operations, Building No. 2.

**EDWARD RUOFF**

- 39210 Additional equipment for use in E. & C. Department.

**E. J. WASHBURN**

- 36366 Improvement on machine in E. & C. Department.

**J. MASTERS**

- 36927 An arrangement which facilitates handling work, E. & C. Department.

**J. SCHICKER**

- 39211 Change on press in Job Printing Department.

**ERNEST W. DOE**

- 35256 A better method of handling certain operation, Department No. 50.

**M. M. RICHARDSON**

- 33113 Arrangement to secure better working conditions in Building No. 35.

**E. W. ATKINSON**

- 35356 Additional equipment effecting a saving in labor, Building No. 40.

**Reduction in Accident or Fire Hazard****Awards of \$3.00****THOMAS HENRY WHITE**

- 30980 Suggestions resulting in safety and convenience in Building No. 2 and Yard Department.  
34256

**W. J. ROGGIE**

- 33701 Suggestions which result in additional safety and convenience, Building No. 48.  
33704

**JAMES MULLEN**

- 21404 Change in equipment resulting in safety, Building No. 8.

**Awards of \$2.00****FRANK D. WILMOT**

- Suggestion Number 35595.

**FRANKLIN ADSIT**

- Suggestion Number 38201.

**GEORGE DEVINS**

- Suggestion Number 15653.

**CARL N. HOLT**

- Suggestion Number 33183.

**C. D. MCCALL****A. E. BALLARD**

- Suggestion Number 35755.

**JAS. WARD**

- Suggestion Number 39443.

**A. EILINGER**

- Suggestion Number 36929.

**A. ANDERSEN**

- Suggestion Number 44346.

**M. L. WATSON**

- Suggestion Number 33385.

**C. LANGENBERGER**

- Suggestion Number 39577.

The list for February covers 85 suggestions, the total amount of awards being \$205.00.

The awards for January and February total \$523.00 for 142 suggestions.

The Suggestion Complaint Committee will meet in Fire Headquarters, Bldg. No. 2, at 2 p. m., on Tuesday, April 30th.

Any person having a question to be answered or seeking information on any point in connection with the Suggestion System, will call on the Secretary or telephone 600.

## Soldiers and Sailors

On Active Service  
American Expeditionary Force.  
February 14, 1918.

Dear Friends:

I got to thinking of the boys to-day and just had to sit down and write; it's one pleasure that a fellow has over here, even though he has to wait for weeks for an answer. Well I hope this finds everything at the Park O. K. with business as good as ever. I am constantly reminded of the Park as every little town we go through you are sure to see a kodak sign somewhere. I often wonder if I will ever run across any of the other boys over here; so far, I think I am the first.

This is a beautiful country, couldn't begin to describe it as you have to see it to appreciate it, especially where we are located at present. We are staying in good quarters, getting lots of good food and working hard, so really have no kick coming at all. Have a good Y. M. C. A. Branch which furnishes lots of amusement and comfortable place to write letters. I suppose you are having the same sort of weather as is usually the custom for February. It's hard to realize that over there you are having snow and cold, for here we are getting real summer weather outside of a cold rain occasionally.

I am feeling good, never better in my life. I suppose no doubt you were surprised to hear of me landing away over here. I used to like to hear the boys at Camp talk about their experience on the

border, but I guess this has that trip stopped forty ways. I will sure have something to talk about when I get back. It would please me to hear from any of the boys, as any happenings at the Park sure would interest me.

Well I guess this will be all for this time, will write again later. Give my regards to all my friends.

Fred S. Green,  
6th Battery, F. A. R. R.,  
41st Division, A. E. F.

P. S.—That U. S. A., it seems good even to write it.

H. TAYLOR

On Active Service  
American Expeditionary Forces.  
February 23, 1918.

Mr. Haste:

Dear Sir:—Having seen my name listed in the Kodak BULLETIN as being in the service and having worked in the Pipe

Corp. WM. G. MOORE

JAS. J. THOMAS

W. E. TUTHILL

SOME OF THE BOYS FROM THE GOVERNMENT SCHOOL OF AERIAL PHOTOGRAPHY  
STATIONED AT KODAK PARK

R. H. EDDON

G. HARPER and R. SHAYNE

Shop, I think it is time the boys heard from me.

After putting in about five weeks of training in the States, we left—harbor on the 12th of November and landed in France on the 26th feeling fine and without sea sickness. The sea was calm on starting off, but we ran into heavy seas and we rolled and tossed about, with the waves breaking over deck, till we thought we would go down. We then marched about three miles to camp to rest and get in shape again as the trip was very hard on some of the boys. After a stay of three weeks in this camp, we left one dark night and after a ride of fifteen hours, stopped at a large Base Receiving camp. Here we started to build railroads and erect steel buildings for Government Supply.

After a stay here we left one night, boarded a train and after thirty-six hours riding, passed through a town that had recently been under aeroplane fire and soon after passing there we stopped again, this time in the danger zone. Every move brings us nearer to the trenches so it may not be long before we are stringing barbed wire for Heinie to hang himself on.

The condition of the U. S. troops is fine with lots of pep and thirst for action. This leaves me in the best of health, with my regards to the boys, I remain,

Truly yours,

Corp. Frank W. Marcille,  
Co. A, 502 Ser. Engineers, A. E. F.,  
via. New York,

Corp. C. H. WILLINK

327th U. S. Infantry,  
April 8, 1918.

Dear Mr. Sheppard:

I received your very acceptable gift and surely appreciate your thoughtfulness. Any remembrance from home or those associated with in civil life, is very acceptable to any soldier. It serves to turn our minds into a pleasant channel and makes us feel that we have friends who are interested in our progress. I thank you very much.

After six months of intensive training, we are now almost ready to go into action. We have studied the war game from every angle, have dug trenches, lived in trenches, thrown grenades, practiced with the bayonet, wore gas masks, had long hikes from five to fifteen miles both day and night with full equipment and have been to the rifle range several times. The last time we were at the range we lived under assumed battle conditions for two weeks. Each one of us fired over one hundred rounds of ammunition. I meant to have acknowledged your gift before, but facilities for writing at the range, where we lived in tents, were very poor.

It is impossible to go into detail in all the subjects, but all have been interesting and we have learned fast. The work has been hard but I am none the worse for it and never was in better health and condition in my life.

We are now fully equipped with everything a soldier needs, even to identification tags, and are ready to move out of here when the order comes. Every day something happens that convinces me that we will leave for some unknown destination very soon. In fact we expect to go within two weeks. I only hope that I will get a chance to visit the boys at the Park before we go across. It is possible that I will as there is talk of our going north for a while.

I know that I have spent a very much warmer winter than you have, and I sincerely hope that none of you will spend as hot a summer as I am apt to.

Best regards and wishes from

Yours gratefully, Seward Bragg.

THOS. RANKIN

Battery "E" 321st F. A.,  
Camp Gordon,

Atlanta, Georgia, March 23rd, 1918.

Mr. J. H. Haste,

Manager Kodak Park Works.

Dear Sir:—Just a few lines to let you know that I am not allowed to write about my experiences of army life, as you know the Government does not want any information going out of here that might be useful to our enemy on the other side and therefore we are not allowed to write about anything that goes on here except personal experiences, outside of military affairs. We are also not allowed to take any photographs inside the camp. So you will have to excuse me for not sending my letters of experience. But I will try and let you know from time to time how I am getting along personally.

The weather down here is fine; the apple trees, pear trees and peach trees are all in bloom. Our regiment has a baseball league and we are having some great games. We are all getting along fine with our work so far. I am going to the Non-Commissioned Officer's School and Motor Truck School and I am making good in both.

Well, sir, it is getting late and will soon be time for the bugle to blow taps which means for every man to be in bed and lights out. So I will now come to a close. May this letter find you well and happy, the same as it leaves me.

Best regards to all the boys in the Chemical plant. I remain,

Yours truly,

Private Otto L. Hutte.

We have received interesting letters from the following during the past month.

### Charles Gilbert Crandall

One of the most familiar faces to be seen at Kodak Park is that of Charles Crandall of the Chemical Plant. "Charlie" has been employed in the Chemical Department

CHARLES CRANDALL

for the past six years, during which time he has been late but once. Before coming to this country he was a resident of Canada where he was a firm supporter of military training, having served six years with the Canadian homeguard, holding at the time of his discharge the rank of lance Sergeant.

Funny—the more you contract debts, the more they expand.

### The Man with the Soap Can

William De Young celebrated the 13th anniversary of his coming to Kodak Park in December of last year. His first job was in the Yard from which he was transferred to the Watching and Cleaning Department, being at that time the only man employed in this capacity. For the past seven years he has had charge of the cleaning work for the whole plant. His many years on Kodak Park have made him familiar with the faces of practically all of the employees. This knowledge is

WILLIAM De YOUNG

very useful to him on the days when it is necessary to take charge of the gate house in the absence of one of the regular men. William is a loyal supporter of Uncle Sam and has but one regret that being that he is out of the age limit of the draft.

### Abbe Flynn

#### French War Chaplain

Through the courtesy of the Chamber of Commerce and Mr. Wm. H. Gorsline, Secretary of the War Information Committee, we

Champgne and Ypres. His speech which made a great impression on the employees had a distinctive character and did much to make us realize the importance of our best efforts in this war.

Top row, left to right—W. G. Bent, L. Burrows, H. LeB. Gray, A. F. Sulzer, J. G. Palmer, H. H. Tozier, W. L. Farley. Bottom row, left to right—C. W. Markus, S. V. Haus, Father J. F. O'Hern, P. S. Wilcox, Abbe P. Flynn, J. H. Haste, G. A. Galliver, W. H. Gorsline.

were fortunate enough to secure Abbe Patrice Flynn, the French War Chaplain, who spoke to about fifteen hundred of our employees Tuesday noon, April 16th, in the Assembly Hall.

Abbe Flynn was drafted as a combatant in the French Army on the second day of the war and fought in the ranks at Verdun, later he was made Chaplain of a regiment and served through some of the fiercest engagements at Arras, Verdun,

### Sergeant Scott

Wednesday noon, Mar. 27th, Sergeant Scott connected with the British and Canadian Recruiting office of this city, gave a very interesting talk on his personal experiences during three years at the front before an interested audience. He was injured and confined to a hospital for eight months and explained that as he had a very good looking night nurse he slept days and stayed awake nights.

### Basketball

The season of 1917-18 was officially closed at the annual banquet held on Tuesday, March 26th. Every member of the squad was present and enjoyed an excellent dinner. The election of captain for next year was not held, due to the unsettled conditions and the possibility of losing more men in the draft. The record for the season is considered very satisfactory, having won 16 games and lost 14, scoring 608 points to our opponents 514. Kodak sweaters were awarded to the following men who played throughout the season: Brightman, Sherman, Thompson, Heaney, Blackwood and Manager J. O'Keefe.

### Glee Club Concert

The third annual home concert of the Kodak Park Glee Club was held Tuesday evening, April 2nd in the Assembly Hall under the direction of Oscar Gareissen. Over a thousand persons enjoyed what was undoubtedly the best performance ever given by this club. Assisting on the program were Miss Elizabeth G. Stubbs, pianist and accompanist, Henry J. Schlegel who sang two songs, Miss

Nan Cleary, whose recitations were witty and entertaining and Mrs. E. G. King, soprano, who sang "Ritorna Vincitora" from Aida and "Spring" by Henschel and three violin solos by Signor Barbieri, which were very well received by the audience.

An invitation was extended to the boys of the Government School of Aerial Photography stationed at Kodak Park and a great many of them were present.

Great credit for the success of this concert is due to the efforts of Horace Robinson assisted by John Tyne and George Englehardt.

ERWIN D. WARD  
Future Accompanist of the Glee Club

## Smoker

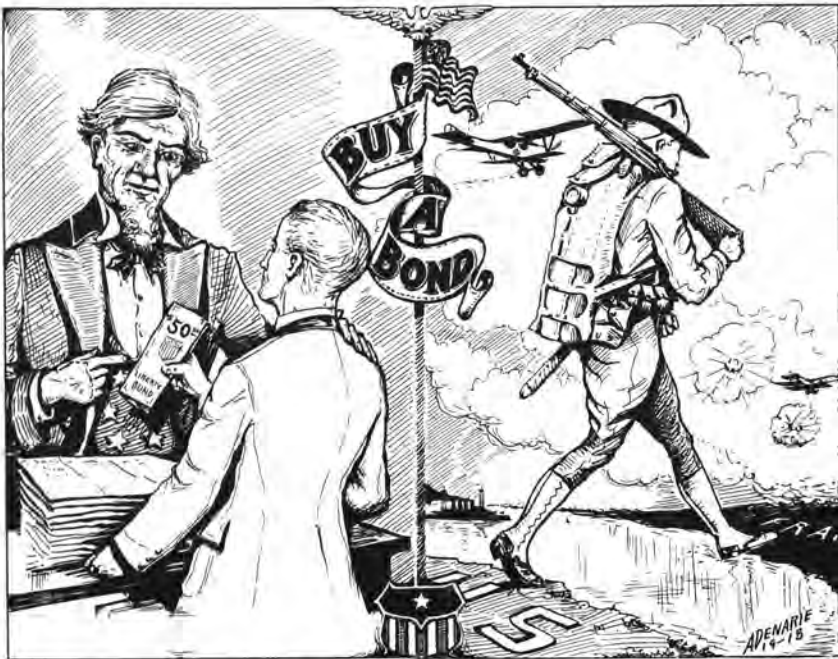

At the Smoker held on April 12th, the K. P. A. A. entertained the largest crowd ever gathered together in our Assembly Hall. A most unusual program was given among which were probably the best boxing matches that ever have been seen on one bill in this part of the State. Elroy Miller led the audience in singing a number of patriotic songs and the two "Black Spots" made a tremendous hit, particularly by the singing of "A Babies Prayer at Twilight." Raymond Fagan at the piano was as usual very well received. As a result of the great demand for this kind of entertainment an outdoor smoker will probably be run in the near future.

## Parade on Tuesdays

Kodak Park has indeed earned the right to the word military. Residents in the vicinity of Kodak Park are treated to a real parade on every Tuesday evening when our band meets the soldiers at their barracks in Building No. 50 and leads them to mess in the Kodak Park dining hall.

"If the day looks kinder gloomy  
An' your chances kinder slim,  
If the situation's puzzlin'  
An' the prospects awful grim,  
An' perplexities keep pressin'  
'Till your hope is nearly gone,—  
Just bristle up and grit your teeth,  
An' keep on keepin' on."

THE SPIRIT OF KODAK PARK

## Election Returns

### NEW OFFICERS FOR 1918-19

President,	-	H. H. Tozier, Bldg.	35
1st Vice Pres.,		W. Zimmerli,	" 2
2nd Vice "		W. J. Rosecrants,	" 2
Secretary,	-	N. Bruce,	" 48
Treasurer,	-	W. Fox,	" 11

### TRUSTEES

For 3 years	{	Marguerite Ellis, Bldg.	26
		D. Burrell,	" 29
		S. Pierce,	" 48
For 2 years	{	Louise Hagele,	" 12
		W. Connors,	" 12
		A. L. MacFarland,	" 26
For 1 year	{	Josephine Rigney,	" 12
		Percy Bryan,	" 26
		F. H. Wignall,	" 42

## Soccer Prospects

Although the Kodak Park Soccer team has been hit hard by the great struggle now going on in France, with many of its players taking an active part, it is considered by many of the followers of this sport to be one of the best teams in Western New York this year. The R. & D. League opened its season on April 21st with Kodak Park playing at Celtic Park. The Prince of Wales Club will be run on a larger scale this year, in order to give everyone a chance to do something for the widows and orphans. The team will miss very much the services of "Wee Jimmy" Gordon, one of the best half-backs in this country, who has signed up to play against the Kaiser.

The meetings of the club will be held every Wednesday evening at No. 30 Steko Avenue, and anyone interested in Soccer is invited to attend.

## Y. M. C. A. Minstrel Show

On Thursday evening, March 28, the Y. M. C. A. gave a minstrel show in the Assembly Hall for the soldiers of the Photography School stationed at Kodak Park. The show was greatly appreciated, and is only one of a series of entertainments to be held during the coming months.

On Monday, April 8th, the new Recreation Hall, erected by the Y.M.C.A. and K. of C., was formally opened to the soldiers. A very interesting program was rendered through the courtesy of a number of Rochester artists and was very much appreciated. The Hall is open at all times for the use of the soldiers. It is equipped with writing tables, cigar stands, library, and is very ably looked after by Secretaries from both the Y. M. C. A. and K. of C.

## That Military Ball

If by chance you were prevented from being present at the Military Ball held on April 5th, allow us to extend to you our sympathy. This was by far the most successful party ever held at Kodak Park. About 500 of the officers and men of the Photographic School were present who made up for those of our own boys who are serving our country and could not be here.

The hall was decorated in the National colors and the excellent music rendered by Damon's orchestra was in harmony with the spirit of the evening.
