## Checking In on Dividend Day

**Happy Day**—Like others throughout Kodak, members of the Maintenance Dept. of Camera Works were in pretty high spirits last Monday when they gathered to receive their Wage Dividend checks. Some \$9,000,000 was paid in Rochester.

## Elaborate Hobby Show Open To All Kodak Folks, Families

Featuring "hobbies in action," the first Kodak Hobby Show, sponsored by the KORC, will open Monday night, Mar. 21, in the State St. auditorium, continuing nightly through Friday.

The show is open to all Kodak men and women and their families. There will be no charge for admission, and tickets now are available in the plant recreation club and athletic association offices. Since tickets for each evening's performance are limited in number, those planning to attend are urged to get theirs early.

The show planners promise "never a dull moment," with something going on all the time.

### A Real Garden

Visitors will not only see what Kodak Office hobbyists are doing but how they do it. The garden group, for instance, will have a garden actually growing. An amateur radio station has been licensed and will be set up to send and receive messages from all over

the world. The woodworking hobbyists will have power saws in operation. Model railroaders will build locomotives to scale. The needle workers will be busy too.

The photographic exhibit is one of the show's outstanding attractions, featuring live models, home lighting and an information booth.

(Continued on Page 4)

## Dust Storm Rages at Hawk-Eye For Test of Recordak Reader

Engineers at Hawk-Eye created their own dust storm—indoors. They wanted to give the new Recordak Transcription Reader a rigid test. Especially they wished to test a device on the machine that holds moving microfilm in constant focus. The film passes

through disc-like optical flats which rotate at the same speed as the film. Dust moves with the film and off the surface of the flats, producing a self-cleaning effect.

First problem of the test was to find a sufficient quantity of dust. This was solved by emptying contents of a half dozen vacuum cleaners in the room. Then electric fans were set up in strategic spots to blow clouds of the dust into the air.

### Wear Dust Masks

The engineers wore coveralls, pulled-down hats and dust masks to protect themselves in the dust storm they created. While thick layers of dust settled on the laboratory model of the Reader, a roll of film was passed back and forth 10,000 times in the model equipped with the new disc flats.

When the test was completed, facsimile prints of the images, which were of letters, were made to actual size. The quality of the image and legibility of the reproductions were not impaired severely and the effect of the scratching due to dust was insignificant.

Since the dust conditions created for the test were many times worse than those found in the average office today, the new method of constant focus is expected to extend immeasurably the life of microfilm records.

**Grand Award**—It was a big night for the KP Finished Film and Sundries Dept. when they received the Grand Award in the 24th Statewide Accident Prevention Campaign. Holding the top trophy is Ivar N. Hultman, assistant general manager of Kodak Park. In the center is Henry T. Ireland, superintendent of the Cine & Sheet Film Dept., and at left is H. A. Sauer, superintendent of Roll Film and Sundries Dept. The presentation was made at a dinner attended by over 800 representatives of Rochester Area industries in the Chamber of Commerce. (Other picture Page 4.)

## New Lab Opens in Panama City To Test Photo Goods in Tropics

A research laboratory, designed specifically for study of photographic problems in the tropics, was opened formally yesterday by Kodak in Panama City. Officials from the Republic of Panama and the Canal Zone were among those attending the ceremonies at the new lab.

Part of the Kodak Research Laboratories centered at Kodak Park, the new lab is closely associated with Kodak Panama, Ltd.

### Factory Studies

For many years the behavior of photographic materials and equipment has been studied under simulated tropical conditions in the Kodak Company's factories. Experience has indicated, however, that the best investigations should be made in the tropics themselves. It was for this reason that a research laboratory has been erected in Panama City.

In 1940 plans were laid for the establishment of such a laboratory, but its actual fulfillment was postponed because of the war. At that time, however, arrangements were made to conduct exposure tests at the Canal Zone Biological Area on Barro Colorado Island, in Gatun Lake, and this work is still being continued in close cooperation with the resident manager, Dr. James Zetek.

The Panama City laboratory is located in the Juan Franco area of Panama City. It was designed and built by Arango & Lyons, S.A., Engineers and Contractors, of Panama City, in conjunction with the engineering departments and

**New Tropical Lab**—Here's a view of the very modern Kodak Research Laboratory opened yesterday in Panama City. It has all latest equipment for study of problems concerning use of photographic goods in tropical areas of the world.

### Research Laboratories of Kodak

Most of the new building is air conditioned. The structure is unique in the Panama area in that all the air-conditioned rooms are without outside windows with the exception of the library. Windows of the stairwell are protected from rain and direct sunlight by concrete louvers which form a decorative pattern. The external brick facing of the building was obtained from Italy. It is of the overlapping type, where all mortar is applied to the back of the bricks. Travertine for the main stairs also was obtained from Italy.

The building is two stories high, and on the roof is a space for a darkroom exposed to full tropical conditions. There is space also for exposure tables. On the ground floor are the offices, air-condition-

ing room, conditioned storage rooms, a large studio for practical photography and a large library of books and periodicals on photographic and related problems.

### Second Floor Setup

Second-floor rooms are devoted to chemistry, biology, physics and sensitometry and a group of darkrooms. In order to permit study of photographic operations under actual tropical conditions, some of the workrooms have not been air conditioned.

Work of the lab will concern itself mainly with two aspects. One of these is the study of the deterioration of films, plates and papers, prints and negatives, filters, cameras, lenses and other photographic equipment. Means for pre-

(Continued on Page 4)

**After the Storm**—Jimmy Spallina of Dept. 74 at Hawk-Eye aids in making the tests on the Recordak Reader after a dust storm was created. Layers of dust cover the machine. Spallina wears dust mask and coveralls for protection.

## Camera Club Ballots For New Officer Staff

Ken Brenner  
... for President

Earl Esty

Lester Marsh  
... for Vice-President

Harry Thompson

Eleven candidates are vying for offices in the Kodak Camera Club in biennial elections now getting under way. Ballots now are in the mail to all members and must be returned not later than Mar. 31.

In addition to the posts of president and vice-president, three trustees will be selected from a group of seven candidates, none of

whom have served previously in any official capacity.

Campaigning for the presidential chair are Earl Esty, Paper Mill, and Ken Brenner, Bldg. 23. Brenner has fulfilled the duties of vice-president for two years while Esty has served as a trustee for an equal period.

Lester Marsh, Bldg. 29, and Harry Thompson, Bldg. 26, are candidates for vice-president. Both have been active in the club's programs. Marsh was chairman of the house committee, Thompson heading the educational committee.

Candidates for trustees are Fred Whitehead, Testing, Bldg. 6-A; Robert Speck, Research Laboratories; Milton Goff, Bldg. 14; Harry Crance, Bldg. 30; Alton Parker, Bldg. 58; Stanley Bartles, Eng., Bldg. 23, and Richard Edgerton, Bldg. 65.

All elected officers will be installed during the club's annual spring meeting and exhibition slated for Apr. 27 in the Bldg. 23 gym. This marks the first time in more than a decade that the affair is being held at Kodak Park.

## Kodakers' Prints Displayed in Salon

Entries of many Kodak people are included in the 13th Rochester International Salon of Photography being featured at the Memorial Art Gallery. The display will continue through Mar. 27.

There are 1052 exhibits in six classes, pictorial, press and documentary, color pictures, color transparencies, nature pictures and nature transparencies.

Entries submitted in the show totaled 3735, including those from 35 states and 32 foreign countries. Of the 400 prints and color transparencies from Rochester folks, 100 were selected for the salon.

The exhibition is open to the public during regular gallery hours. It is free.

**Trustee Candidates**—Camera Club members will choose from this group three new trustees. The candidates are: Rear row, from left, Stanley Bartles, Eng., Bldg. 23; Richard Edgerton, Bldg. 65; Harry Crance, Bldg. 30. Front, l. to r., Fred Whitehead, Testing, Bldg. 6-A; Robert Speck, Research Lab; Milton Goff, Bldg. 14, and Alton Parker, Bldg. 58.

## EK Players Capture Top Bridge Prizes

Kodak card players gathered the major share of honors in the recent Industrial Duplicate Bridge Tournament conducted under auspices of the Industrial Management Council.

Seventy teams participated in the competition at the Chamber of Commerce, according to Ken Klingler of DPI, who was chairman of the tournament committee.

John W. Parker and Charles Vilbrandt of Kodak Park won top spot in the championship flight with a total of 232.5 points. Second place went to the team of Chester Wilt and Dean Woods, also of Kodak Park, with 222.1 points. Bob Lehman and Hank Kascher of DPI were fourth with 214.5 points and Richard Miller and Thomas Farrell of KP placed fifth with 214.2 points.

### Section 2 Results

In Section 2 of the Consolation Flight Lydia Gardner and Jessie Natt of KO tied with Donald Bellis and S. S. Fierke of KP at 106 points. Norm Stevenson and Francis Weinhart of CW were third with 99½ points.

First place in Section 3 of the Consolation Flight went to John Cawley and Ed Shantz of DPI, who amassed 138½ points. Other winners in this section were: Wallace Andrus, Thomas Creighton, KP, 133½ points; Ken Donoghue and Tom O'Rourke, CW, third, 130 points, and Albert Besancon and Ken Mothorp, DPI, fourth, 126½.

### Photo Patter

## Let Camera Register Day In Tot's Life

One of the most effective series of sequence pictures is the round-the-clock record of a youngster. Nothing delights a parent more.

And such a picture sequence places no strain on imagination. The simple expedient of following a child for a normal day is all that's necessary. The script is routine.

Such a story can start at breakfast with a shot of the youngster at the table. And what child's hair does not need combing prior to her setting out for school? Then there's a picture as she trudges off with books tucked under her arm.

And, later in the day, there are any number of possible pictures for a story of this type while the child's at play. Follow these with a shot of the hand washing which occurs before dinner. And after dinner there are pictures in the bedtime bath and book.

Naturally you should vary your shots. Some should be made close up. These help catch the child's expression. Others should be taken from a greater distance—say 10 to 15 feet. In this way the child is pictured in her normal surroundings.

The main thing is to get a full collection, a number of shots from dawn to dusk. Then keep the best and make your picture story accordingly. You might even lay out your pictures on two facing pages of an album so each snapshot is placed where the corresponding hour would be on a clock's face.

## No, Lady, It's Not The Electric Co.!

The brilliant illumination of the new Boston Store has been the subject of considerable comment from customers.

One woman called at the store and attempted to pay her electric light bill, under the impression that a store so brilliantly lighted must be a dealer in electric appliances, and consequently a station willing to accept payment on light bills.

## Salesman's Snow Samples

Robert Tobin, Sioux City Store salesman, took the pictures above during his calls in Bloomfield, O'Neill and Wausa, Neb. It is hard to believe that the pictures are of snowdrifts, since the banks of snow resemble a stone quarry.

The Army has opened some of the roads, and fuel, food and medical supplies have been flown to the snowbound folks. Some communities report that Christmas mail has not yet been delivered, since new blizzards have added to the snow which collected before the holiday season.

Snowbound people are wondering what the situation will be when the snow begins to melt. It will affect a wide area even beyond the present snow region.

The automobile shown is the new Chevrolet which the store purchased last October.

## New Kodak Pola-Lights Kill Extraneous Photo Reflections

Elimination of specular or unwanted reflections in the work of commercial photographers and photofinishers is afforded with the new Kodak Pola-Lights.

They overcome this bugaboo of specular reflections in copying prints, paintings, documents, and in other commercial photography.

These lights, employing a Pola-Screen over each, are used in combination with a Pola-Screen over the lens of the camera.

Tests have shown that the new lamps provide effective surface control in copying glossy prints, semi-matte prints, wrinkled prints, pencil drawings, ink drawings, color prints, oil paintings and various types of color drawings.

### Kodak Utility Stands

The Kodak Pola-Light does not include a stand because most studios have them. Kodak Utility Stands may be ordered separately. For photographers who now have copying setups with a good source of illumination, Kodak will furnish the Kodak Baffle with Pola-Screen. This assembly is a Kodak Pola-Light minus the lamp socket and socket bracket and is for use with existing copying lights.

Kodak Pola-Lights will be priced at \$43.75 each, including tax.

### Accountants Pick Fitch

Walter B. Fitch, Camera Works, recently was named treasurer of the Rochester Chapter, National Association of Cost Accountants. This action was taken by the board of directors to fill a series of vacancies due to election of Robert J. Rohr jr. of Kodak Park to the chapter presidency.

Kodak Pola-Light

**Her Day Begins**—Here's a fine snapshot that would fit well into a round-the-clock sequence of shots representing a photographic record of a young lady's day.

## Week's Indoor Show Replaces Summer Plan

An all-star indoor vaudeville show this year will replace the annual outdoor summer entertainment sponsored by the Kodak Park Athletic Association for members and their families, according to Joe Minella, KPAA executive secretary.

The Easter week program, to be held in the Bldg. 28 gym, has been booked tentatively for five nights, Apr. 19-20-21-22-23, with the probability of two or more matinees for children and trickworkers unable to attend the evening performances.

### Depended on Weather

Minella pointed out that curtailment of the summer show held every July during the past 15 years is in the best interest of KPAA members, affording more persons an opportunity of attending and eliminating the possibility of postponement of the acts due to inclement weather.

Seven top-notch acts, engaged in New York City, will be seen on the bill. Steering the fast-moving stage features will be Jerry Toman, talented master of ceremonies, who also contributes some refreshing comedy patter of his own.

The line-up of talent includes Claire and Hudson, hand-balancing team; the Richard Adair Dancers, direct from New York's Latin Quarter; Mike Monroe's thrilling comedy act on the trampoline; the Three Goetsches, trick cyclists; the Glen Henry Duo, canine novelty, and Scotty Burbank, musical wizard, who plays two

Jerry Toman

trumpets and the piano at the same time. Chet Keehley's orchestra, a long-standing favorite in KP entertainments, will provide the musical background for the acts.

Tickets, when available, may be obtained by members at the KPAA Office, 3rd floor, Bldg. 28. Watch KODAKERY for further details.

## Spring Dance Due

A supper club atmosphere, complete with tables and chairs and decorative lamps, will greet couples attending the spring dance, sponsored by the KPAA, to be held Friday, Mar. 25, in the Bldg. 28 gymnasium.

Jack End's orchestra will furnish the music for dancing from 9 to 1, and refreshments will be available at the coke bar. Tickets now are on sale in the KPAA Office at 60 cents per person. They may be obtained at the door on the night of the dance for 74 cents.

"What's the cat's name?"  
"Ben Hur."  
"How'd you happen to choose that name?"  
"We called him Ben till he had kittens."

## Paper Mill Fetes Quintet

The Portuguese-American Club recently was the scene of a very successful party for five Paper Mill men who are retiring during 1949. They are Alexander Forbes, George Carter, Abraham Pol, Arch McEwen and William Schultz, all of whom received testimonial gifts from Superintendent Kenneth J. Mackenzie on behalf of their associates in the department.

### Variety Show

Paper Mill members presented a variety of entertainment following the dinner. Jane Davis contributed an authentic hula dance, followed by a male comedy version done by Ken Gallinger, Rey Northup and Bob Gell, who also parodied the Andrews Sisters. Bette Perry scored a hit as Carmen Miranda and Bill Albright clicked with harmonica and vocal numbers. A barber-shop quartet, made up of Harold Trost, Sam Fyfe, Larry Gannon and Tony Rutalis, with Walt Sanders and Trost at the piano, brought back some memories of "the good old days."

Bart Stiles was refreshingly original as master of ceremonies, and the get-together was voted one of the best ever held by members of Bldgs. 50 and 62.

**Paper Mill Party**—The five men seated were guests of honor for those retiring in 1949. From left, Supt. Ken Mackenzie, who presented gifts; George Carter, Arch McEwen, Abe Pol, Alex Forbes, Bill Schultz and Bart Stiles, master of ceremonies.

### KP Calendar

(Noon hours in KPAA gym, Bldg. 28)

**Monday**—Movies, 12:10-12:50; 1:10-1:50.

**Tuesday**—Round dancing, 11:15-1:30.

**Wednesday**—Table tennis, shuffleboard, 11:15-1:30.

**Thursday**—Round dancing, 11:15-12:00; square dancing, 12:10-12:50.

**Friday**—Movies, 12:10-12:50; 1:10-1:50.

**Wednesday evening, Mar. 23**—KPAA Euchre party, Bldg. 28, 8 p.m.

## 8 Men Dined By Recovery

Close to 90 persons attended the dinner party honoring eight retired members of the Recovery Dept., held at the Avery Bowling Center. Guests of honor were Thomas Holding, John Sass, Fred Vincent, Alfred Jarvis, Fred Kier, Ed Sercu, Pete Honan and Pat Rooney.

After Charles Allen, assistant foreman of Recovery, had addressed the group, recorded greetings from foreman George Izard, who was vacationing in Florida, were played. A skit entitled "The Lighthouse Keeper's Daughter" was enacted by Roy Henry, Tom Conaughty, Seth Thomas and Fred Winters and described via a public address mike by Matthew Kawiak.

A tightrope stunt by Conaughty and a hillbilly characterization by Winters also were on the program. And there were songs by Nora Kane and guitar selections by Thomas. Sam D'Angelo made a photographic record of the event.

Following a motion picture of former Recovery Dept. picnics, dancing was enjoyed.

### Stamp Club Session

The KPAA Stamp Collectors Club will meet Mar. 22 in the subbasement of Bldg. 28, beginning at 7:30 p.m. All KPAA members and their families are invited.

### Get 'em Now!

Free tickets for the Hobby Show to be staged in the State St. auditorium Mar. 21 through 25, sponsored by the Kodak Office Recreation Club, now are available at the KPAA Office. Kodak Park folks and members of their families are invited.

Excellent exhibits of various hobbies have been arranged along with actual working demonstrations, a variety show and other features. An unusual photographic display has been set with models and special lighting effects. Visitors are urged to bring their cameras to take part.

**Recovery's Retired**—Folks in the Recovery Dept. feted these fellows at their retirement dinner. From left, Thomas Holding, John Sass, Fred Vincent, Alfred Jarvis, Fred Kier, Ed Sercu and Pete Honan. Pat Rooney was absent when the picture was taken at the Avery Bowling Center.

## Going Places and Doing Things with Kodak Park People...

Awaiting St. Patrick's Day with special interest this year are **Stephany Murphy**, Tab & Folder, and **Brian Farrington**, Paper Finishing. Stephany recently received a corsage of shamrocks

Shure 'n they're real shamrocks right from the old sod that Stephany Murphy is showing her cousin, Brian Farrington, this St. Patrick's Day.

direct from Erin and proudly showed them off to Brian, her cousin. . . . Recently transferring from the Industrial Engineering Dept. were Jack Kirby and Al Bakker. Jack has joined the Safety Cine Dept., Bldg. 12, and Al has moved to Paper Sensitizing Coating & Emulsion, B-57. . . . Gertrude Baker was the guest of honor at a surprise dinner given Feb. 18 by Wanda Godfrey, her former associate in Kodacolor Receiving, B-65. Attending were Millie Corbett, Minnie Brown, Louise Stevens, all of B-65, and Ruth Carpenter, B-5. Gertrude has moved to Hemlock, N.Y., and plans to commute daily to the Park. . . . Jim Hayes, Dope Dept., has joined the

ranks of the benedicts. . . . Betty Meldrum, Tab & Folder, has returned to her duties after a four-month visit to Scotland.

Joseph Adams, P&S, was presented with a gift by his friends on completing 25 years' service with the Company Feb. 22. Ice cream and cake were served by his Chemical Plant associates. . . . Recently joining the Yard Dept.'s famed Crutch Club were Walter Wendt, William Starken and Henry Wiesner. . . . Val LaForce, Roll Film and Cine Stock, was presented with a gift honoring his completion of 25 years with Kodak. The presentation on behalf of his Park friends was made by Henry T. Ireland, superintendent of the Cine & Sheet Film Dept., and Guy Whitman, administrative supervisor, who visited him at his home where he is recovering from an illness. . . . A wedding shower was held at the New Dutch Mill for Mary Muller, Tab & Folder, who was married Feb. 26. . . . Al Leusch, P&S, is showing pictures of the 16½-pound pike which he caught through the St. Lawrence River ice several weeks ago.

Among the new KODAKERY correspondents are Lillian Lochner and Joseph Bourcy. Lillian has replaced Doris Bellinger in the Film Pack Dept., Bldg. 12, and Joe takes the place of Ted Cox in the same building. . . . Grace Massey, Sheet Film Packing, is visiting her home state of Georgia and plans to in-

clude a jaunt to Florida. . . . An impromptu party was held by members of the Dope Dept. for Jack Curley who has retired from active duty. A gift was presented to him by his associates. . . . Carl Nitze, Industrial Engineering, Bldg. 65, is making a trip to the Chicago Processing Station on business. . . . Darwin Tummonds, Cine Processing, recently was interviewed by a city newspaper reporter on a timely subject and came back with an excellent reply.

Bob Nieman

Robert Nieman has replaced Jack Van Ingen as a KODAKERY correspondent in the Paper Sensitizing Dept. . . . Approximately 40 mem-

Joseph Bourcy and Lillian Lochner

bers of the ES&L offices at Kodak Park and Kodak Office and their guests held their annual mid-winter bowling party at Atlantic Recreation Hall Feb. 26. A buffet lunch was served after the bowling. Elsie Dengler served as chairman of arrangements, assisted by Al Terhaar. . . . Gordon Steinfeldt, Film Emulsion, donned blackface to put over two song numbers during a minstrel show held Feb. 25-26 in Fairport High School.

Bldg. 34 members honored Florent Mathieu upon his completion of 25 years with the Company. Richard Baybutt, assistant superintendent of the Chemical Plant, made the service medal presentation, witnessed by department members. . . . Ella Galway, Sheet Film Packing, enjoyed a vacation in Daytona Beach, Fla. . . . Jim Berry, Bldg. 65, is back from a week's business in Chicago. . . . Visiting Company Processing Stations on the West Coast are Ed Wegman and Bob Neuhierl.

"Seeing Light and Color," a talk illustrated with color slides, was given Mar. 3 by Ralph M. Evans, superintendent of Color Control at KP, before members of the Rochester Engineering Society and the Rochester Section, American Institute of Electrical Engineers, in Lower Strong Auditorium on the U. of R. campus. . . . William Nolan, who recently retired after completing more than 35 years' service in the Power Dept., was presented a gift on behalf of his associates by J. H. Cather, depart-

Richard Baybutt, left, presents 25-year service medal to Florent Mathieu, center. At right is W. C. Eaton.

ment superintendent. . . . Andrew Matuszewski, Sundries Mfg., Bldg. 18, was the guest of honor of 50 of his friends Feb. 25 at Mike Conroy's. Andy, who left the Company Mar. 1, was presented with a gift on behalf of his department by H. G. Hanson, assistant superintendent of the Roll Film & Sundries Dept. . . . Three Kodak Park young men sang with the "Gentlemen Songsters," youthful choral group, who entertained at the KPAA Sunday matinee Mar. 6. They are Warren Heilgman, Kodacolor Print, B-65; Merritt Groth, Roll Film & Cine Stock, and Don Morgan, 16mm. Processing. Also with the singers was John Braund, a senior at John Marshall High, whose father, John, is supervisor of planning in the Box Dept.

**Cream of the Safety Crop** — Kodak divisions captured 13 of the awards in the 24th Statewide Accident Prevention Campaign, including three of the highest honors. Here are the EK representatives after the awards were presented.

Front row, from left, E. E. Plummer, KP, Cine Processing, with third highest award; A. W. Rahm and I. N. Hultman with Grand Award won by Finished Film & Sundries of KP; S. E. Clarke, H-E, with that plant's special citation; J. F. Bach, Navy Ordnance; M. L. Piker, KP; C. R. O'Neill,

KP, and R. M. Hall, KP. Front row, from left, H. A. Hartt, H. A. Sauer, A. L. Cobb and H. T. Ireland, KP; Bill Dermody and W. T. Roach, H-E; J. F. Griffin jr., T. R. Wiley, E. W. Hart and J. A. Stutz, KP, and J. R. Shaw of the Associated Industries who presented awards.

## 15 Dealer Representatives Attend Kodak Training Course

The 13th Kodak Retail Photographic Salesmen's Training Conference came to a close Wednesday evening. Fifteen representatives of Kodak dealers throughout the country attended the classes which convened March 7. Howard Kalbfus, director of Kodak's Sales Training Center, was in charge.

## New Lab Opens In Panama City

(Continued from Page 1)

venting tropical deterioration by biological, temperature, humidity and other factors will be studied.

The second main activity of the lab will be to do research on all aspects of photographic practice to make photography easier for people in tropical countries.

Results of the work in the new lab are expected to be made available for the benefit of photographers in all parts of the world where tropical problems exist.

Dr. Walter Clark of the Kodak Research Laboratories in Rochester, N.Y., under whose charge the Kodak Tropical Research Laboratory falls, is in Panama City to arrange for the inauguration of the research program. In this capacity he represents Dr. C. E. K. Mees, vice-president in charge of research; Dr. C. J. Staud, director of research, and the management of the Eastman Kodak Company.

The laboratory itself is in the immediate charge of C. C. Soper, who has a wide experience of tropical photographic problems. He

Those enrolled are Robert Dardenne, Marks & Fuller, Inc., Rochester, N.Y.; Charles D. Elliott, Star Electric & Engineering Co., Houston, Tex.; Gordon Ernst, Ernst Drug Store, Toledo, Ohio; Frank Fagella, Alliance Photo-Print Co., Inc., New York, N.Y.; Bernhardt F. Jungkind and Garland J. Shepherd, Jungkind Co., Little Rock, Ark., and Albert F. Kirstein III, Kirstein's Pharmacy, Rahway, N.J.

Others attending are Morris Kittai, Eastern Camera Exchange, Hempstead, N.Y.; Murray L. Leach, Dover Photo Supply, Dover, N.J.; John Mlasgar, Cosgrove's Camera Shop, Hazelton, Pa.; Donald P. Morse, F. B. Pitts Co., Framingham, Mass.; George D. Owens, B. O. Kinney, Inc., Massena, N.Y.; Robert B. Rohr, Willoughby's, New York, N.Y.; Jack Pemberton, Schurz Photo Services, Wyandotte, Mich., and David B. Spencer, of the Spencer Stationery Co., Chester, Pa.

has been in Panama City for a number of years in charge of a temporary tropical research laboratory, which will be replaced by the new building.

**Island Lab** — Here is a general view of the island laboratory for biological research on Barro Colorado Island in Gatun Lake, Panama Canal Zone. It is on this jungle island that Kodak maintains a field station in which tropical deterioration tests can be carried out on any of its products. The station is operated in conjunction with the Company's tropical research laboratory in Panama City.

## Camera Club Competition Slated Mar. 23

A combination color and monochrome meeting, featuring competitions in both types of photography, will be held at 7:45 p.m. Wednesday, Mar. 23, in the Ladies' Lounge, Bldg. 28, at Kodak Park.

All those planning to compete will be restricted to three slides or three prints each and all entries must be left at Kodak Camera Club before 5 p.m. Monday, Mar. 21. All awards will be in the nature of merchandise certificates for photographic equipment. Judges for the events will be John Mulder, KP, and Ken Henderson and Art Underwood.

Coffee and doughnuts will be served following the meeting.

## H-E Bowler 2nd in County

Splintering the pins for a 3066 16-game total, John Weagley, H-E bowler, finished in the runnerup position in the annual Monroe County scratch tournament which came to a close last weekend. Elmer Eckert, also of H-E, and the defending champion, leveled the lumber for a 2998 count, and came in seventh.

Winners in the Old Topper Bowling Contest for the week ending Mar. 6 include: Ernest Burt, Norm Graupman and Fred Winters, KP; Roy Huff, CW; Jim Donlon and Muriel Hallock, H-E.

Doug Jack of the KO National League turned in a snappy 253 in his first game last week, starting off with seven strikes in a row. His next two games were 113 and 140—quite ironically also 253! In the KO American Bob Butterfield's Finishing five, holder of the loop's single game record, posted a new 2694 three-game team mark.

Cap Carroll of the Assemblers and Jim O'Neil of the Red Hots, who are waging a neck-and-neck battle for high individual average in the H-E Webber loop, rolled identical scores for the second consecutive week, both hitting the 550 mark. Ken Dill was the sensation of the evening in the same loop last week. Ken very coolly picked the 4-7-10 split in the last frame, and followed it with a strike to win the last game for the Planning five by a single stick.

## Joseph Harrington Dies, Manager of Denver Store

Joseph Harrington, manager of the Denver Store, died Mar. 6 in Burbank, Calif., where he had gone with his wife last December in hopes of recovering his health.

Harrington began his career in the photographic business on Sept. 2, 1901, when he joined the Des Moines Photo Material Co. as a clerk, subsequently becoming a store salesman. The Des Moines Photo Material Co. became a part of Kodak in October 1903, and Harrington remained on until October 1907 when he had a break in service.

He rejoined the Company in April 1908 and became a traveling salesman in January 1909. Harrington transferred to the Denver Store in 1917 and became manager in 1926.

He received his 40-year service pin last year.

## Hobby Show Starts Mar. 21

(Continued from Page 1)

Everybody attending is urged to bring along his camera and take part in the photographic exhibit.

Stamp and coin collections, paintings — both in oils and water colors, rare china and glassware and many other unusual collections will be featured.

Mike Cubitt, one of Kodak's most avid hobbyists, will stage a "world premiere" of his "Alice in Wonderland" Kodachrome slide show. Mike has been five years in making this, carving out the characters in wood and then employing many photographic tricks to get them on film along with his daughter, Sylvia, who takes the part of Alice. He'll put on his show three times each evening.

In addition to all these attractions, a stage show will be given each night by KO hobbyists with a flair for the dramatic and entertainment fields.

The program is designed to please the hobbyist and non-hobbyist alike and to appeal to all ages. Harris Tuttle, general chairman of the show, invites all Kodak people to attend.

## Master of Magic —

Ray McNally, KO Repair Service, will have his assistant, Shirley Hotis, KO Steno, floating in mid-air during each evening's variety revue of the Hobby Show. Magician McNally will also perform sleight-of-hand illusions, the likes of which have never been seen on the State St. auditorium stage.

# Here and There with Kodak Folks

••••

**Wonders with Wood** — With his trusty three-blade jackknife, Mark Bowlby of DPI finds enjoyment "whittling" away his spare time by carving tiny figures . . . even ducks in flight. And after applying colorful tempera colors, he lacquers them. Mark's other "right hand" tools have an Eastman House flavor attached to them, for they once were used to do hand carving there. The DPI man is a group leader in charge of the Millwright Shop at the Mt. Read plant. It was two years ago that he began carving seriously while vacationing in Canada's Gaspé peninsula.

**See the Birdies** — According to Stanley Conking, H-E Dept. 84, nothing beats raising pigeons . . . Birmingham Roller pigeons anyway. They're regular performers that can stay in the air for hours, spinning over and over and flying about. Stanley also likes to sit in his back yard on a summer day and watch them bathe. Two of them are black and white; two others are saddlebacks, or brown and white. When they're raised, he keeps the best performers only, but had nine pair at one time. They know their home and never fly far away from it.

**Daddy Built It** — To little Martha Davis, who leisurely lulls her doll in an Adirondack chair, this is her "Mr. Blandings' Dream House" . . . complete with heart-shaped windows, scalloped-edge porch roof — white shingles and bright blue trim. She thinks Daddy, who is Harry I. Davis of the KP Chemical Plant Lab, is pretty wonderful to have built it for her. He stands at the Dutch door of Martha's little dream house.

**Irish Hearts** — Fresh from Ireland . . . that's Annie Connaughton, who gets the "works" (for St. Patrick's Day) from her two American cousins, Margaret, left, of the KO Patent Dept., and Ann Connaughton, right, of KO Film Processing Service Dept. Annie, who's getting acquainted with fellow members of the KO Mail and File Dept., hails from Roscommon, Ireland.

**Boat Builder** — The final touches and Harold Holford, CW Engineering Shop, is ready to initiate to the waters of the St. Lawrence the first speedboat he's built. It's a 14-foot job of five-ply birch, 52 inches wide and 140 pounds in weight. And too, he put together a trailer. Inside it can be stored camping equipment, while the top is constructed to hold the boat securely in land transporting.

**They Love a Parade** — Whenever the Veterans of Foreign Wars are to parade, Bob Beeney and Paul Hermance of KO Shipping and George Donaher, KO Roch. Br. Stock, enthusiastically don their uniforms. Bob and Paul, left and center, march with the color guard, while George plays the bugle in the drum and bugle corps. All look forward to the Decoration Day parade.

**Weekend Flyer** — Right at home in a cockpit is Don Bills, KP Bldg. 65, Paper Division, at left. With 2000 hours to his credit and still piling 'em on, he teaches aviation in his spare time. He and a student are shown at the controls of a twin-engine Cessna. During the war, Don was a flying instructor for the Navy Air Force. He also flies passengers on chartered trips, does aerial photography and tows signs.

**Seeing Triple** — Stanley Drabinski of KP's Auto Trucks and Trailers has his arms full with his three charming daughters. They're identical triplets, who will ring in three years this July. Of Monica, Marlene and Maryann (from left to right), father's bewildered comment is "I'm always getting them mixed up."

## Contest Keeps 'em Knitting

These gals at DPI have been knitting industriously lately, each having an eye turned to a locally sponsored contest. The little sweaters they make will benefit the Red Cross, which will ship them to needy children overseas. First prize in the contest is a trip to New York City plus an Easter outfit. With this in mind, Mary Lombard, at left, who sits at DPI's switchboard, inspects her pretty blue sweater with its white bunny. Edna Taylor, Research, and Helen Shaddock, Stenographic finish up their entries. Edna's is a gray sweater, a red elephant decorating it, and Helen's is a beige with peasant girl design.

## Europe-Bound KOer to Visit French Cousin

To see Paris in the spring has been Bea Buchner's ambition ever since she began corresponding with a French cousin, Francoise, 14 years ago.

The KO Camera Club and School Service girl will see it this spring. She sails on the Nieuw Amsterdam on Mar. 24 for a two-month trip. With her will be a cousin from Malone, N.Y., and his wife.

After landing at Le Havre, French relatives will show them France. Bea will spend 10 days in Paris at the home of Francoise and then the three tourists will go to the French Riviera.

They'll sun on the beaches adjoining another relative's summer home at Juan-les-Pins. He is planning to drive them to Italy, where they'll begin a tourist's tour taking them to Florence, the gondola city of Venice, Milan and thence into Switzerland. One of their stops will be at Luzern, from where they'll make an excursion by steamer and cogwheel railway to Rigi-Kulm. A day in Luxembourg, and then Bea and the couple will be off for Holland, where they'll see the picturesque Isle of Marken and the fishing village of Volendam.

Another relative will show them Brussels, and from there Bea is planning to go to Scotland. She'll join the couple from Malone again in London, and after meeting more relatives and catching a glimpse of Shakespeare's country, they'll sail for home aboard the SS Washington on May 13.

Bea Buchner, left, shows Carolyn Sufer, associate in KO's Camera Club and School Service, spots she'll visit in Europe.

Christy Tighe, KP Color Control, has two recipes, which she thinks are tops. One's for a never-fail chocolate cake, appropriately called Midnight Cake and the other is a Tuna and Egg Noodle Casserole. Both recipes she's given to friends many times, the cake being one often made by her grandmother. The casserole dish always "goes over," Christy says, and is fine for a crowd.

Christy Tighe

### Midnight Cake

½ c. cocoa, ½ c. shortening, 1¼ c. sugar, 2 eggs, 1 c. hot water, 1½ c. sifted flour, ½ t. salt, 1 t. soda, 1 t. baking powder and 1 t. vanilla.

Cream shortening; add sugar gradually and cream. Blend in beaten eggs. Slowly add hot water to cocoa and mix. Sift flour, salt, soda, baking powder together and add to creamed mixture alternately with hot water and cocoa. Add vanilla. Bake in an eight inch greased square pan for 50 minutes at 350 degrees.

### Sea Foam Icing

This is the icing Christy uses on her chocolate cake:

½ c. brown sugar, ½ c. white sugar, 3 T. water and ½ t. cream of tartar.

Boil ingredients until mixture spins a thread or forms a small ball in a glass of water. Then add mixture to one beaten egg white and beat together until the right consistency.

### Tuna and Egg Noodle Casserole

One 8 oz. package egg noodles, 3 T. chopped parsley (optional), ¼ lb. pimento cheese, 1½ c. milk, 1½ c. bread crumbs, 1 small onion (minced), ½ c. butter or margarine and 1 can tuna fish.

Boil noodles in salted water and drain. In double boiler, melt butter and cheese in milk. Mix with other ingredients. Flake tuna and mix together carefully. Place in large buttered casserole and bake one hour at 350 degrees. Add one 8 oz. can mushroom buttons to medium white sauce and serve hot over noodles.

## EK Nutritionists to Give Advice On Budget-Wise, Balanced Meals

A new service to help women with their food problems is the first of its kind at Kodak, Nutrition Adviser Winress D. Murray announced this week.

EK nutritionists in all Rochester units will have up-to-date average food prices at their finger tips from 10 representative Rochester stores. Using them as a basis, they will dispense timely food tips to Kodak families through nutritionists, who are located in the medical departments. They will tell you how to plan meals, how to buy food and store it properly. Each member of the family will be considered individually.

### How Much to Spend

An important feature of the new service is that budget-wise women can have their meals planned at a low cost, or, if so desired, at a moderate cost.

"We feel that such a plan will not only reduce food costs for the family, but will aid in obtaining better balanced meals," Mrs. Murray explained. Those meals planned are intended to cover the basic seven food requirements needed in daily diets.

### To Use Current Prices

The food facts and figures on which the nutritionists will base their advice have been gathered by a group of food scientists, trained to understand the needs of people. And to keep the program right up to the minute, fresh facts and figures will be compiled quarterly during the year.

**They Complete Plans**—Kodak nutritionists who will participate in a new food-planning service for Kodak families look over current average food prices from 10 stores in this city. Seated are EK Nutrition Adviser Winress D. Murray, left, and Phyllis E. Coleman, adviser for Kodak Park and Distillation Products, Inc. Standing are Marion Byrne, left, assistant EK adviser, and Priscilla Hewey, adviser for Camera Works, Hawk-Eye and Navy Ordnance people.

## Red Cross Worker To 'Loaf' in Hawaii

Phyllis Dunbar

There's one Red Cross worker, a member of KP's Tab and Folder Dept., who has earned a well-deserved rest. She's Phyllis Dunbar and she's going to Hawaii to "loaf."

The recent Red Cross drive is a reminder that Phyllis has averaged 60 hours a month for the organization since 1942 when "I read in the paper that it needed help." Phyllis volunteered and soon found herself busily making minor car repairs and generally being useful in the Motor Service division of the Red Cross.

She describes herself as a grease monkey. But what's more, she's in charge of the eight station wagons of the Rochester Chapter. Her job is to keep 'em rolling on the road, to keep the emergency vehicles safe for their drivers and passengers. Phyllis also teaches a motor mechanics course for the Red Cross. How does she do all this? By often working evenings and on Saturdays and Sundays too.

A recent dinner was held in her honor by the local Red Cross chapter, and tomorrow night her department also will fete her at a party. She leaves next Monday for several months' stay in the lovely land of leis.

**PLANT POINTER**—Be careful not to drown roots of plants when held in container without drainage holes. Sun your plants two hours every week.

A perennial favorite . . . the knitted slip-over sweater. You can get free directions for the handsome one pictured here by stopping in at your KODAKERY Office or by writing to KODAKERY, Pattern Dept., 343 State St. They are written for sizes 14, 16, 18, 20.

**Get Free Copy**

Running out of Lenten dish ideas? To the rescue, the EK Nutrition Dept. has free leaflets available for you entitled "Fish and Seafood Recipes." For your copy, drop a post card to the Nutrition Dept., 343 State St.

## The Market Place

KODAKERY ads are accepted on a first-come, first-served basis. Department correspondents in each Kodak Division are supplied with ad blanks which, when your ad is typed or printed on them in 25 words or less, are put in the Company mail addressed to "KODAKERY" or handed in to your plant editor. All ads should be received by KODAKERY before 10 a.m. Tuesday, of the week preceding issue. HOME PHONE NUMBERS OR ADDRESSES MUST BE USED IN ADS. KODAKERY reserves the right to refuse ads and limit the number of words used. Suggested types are: FOR SALE, FOR RENT, WANTED, WANTED TO RENT, LOST AND FOUND, SWAPS. KODAKERY READERS ARE ASKED TO PLACE ADS ONLY FOR THEMSELVES AND HOUSEHOLD—NOT FOR FRIENDS OR RELATIVES. TO DO THIS IS TO DENY SPACE TO THE PEOPLE OF KODAK FOR WHOM THIS SPACE IS RESERVED.

## Entry List Opens for All-Kodak Triples Tourney

### CW Takes 2nd In Dusty Playoff

Camera Works, which finished second in the regular-season race, also won runner-up honors in the Major Industrial League playoffs.

As expected, Graflex walked off with the 1949 trophy. But not until Paul Ratigan's CW cagers had given the champs a bitter 49-46 battle in the titular tilt. Paced by Neale Tucker, who scored 15 points, the Kodakers gave Graflex a real scare. Bill Maslanka got 11.

In their opening playoff game Camera Works advanced at the expense of Ritters, eking out a 61-58 win over the dental outfit.

In this game Johnny Coia and Tucker scored 17 and 14 points, respectively, while Maslanka and Chuck Gray notched 13 apiece.

Score by quarters:  
Camera Works ..... 15 26 32 46  
Graflex ..... 7 19 35 49

**Coia Clicks** — Leaping Johnny Coia, CW forward, lets go with a push shot that finds its mark in Camera Works-Graflex championship game last week at Franklin High. No. 11 is Neale Tucker, CW, last season's all-county ace from Webster. Graflex won, 49-46, to claim Major Industrial playoff title.

### KP Ace, KO Gals Win Titles In KORC Badminton Tourney

New champions were crowned in five of the six divisions, with three Kodakers emerging victorious, in the KORC's fifth annual invitation badminton tourney last weekend on the KO courts.

### LaBudde's 35 Ties Record

Doug LaBudde scored 35 points for Industrial Engineering last week to equal the all-time individual scoring record for a single game in the KPAA Departmental League. Doug led his team to a 57-39 triumph over Bldg. 65.

Notching two victories, Paul Coogan's Roll Ctg. outfit clinched the American Division championship. Coogan's cagers scored 64-57 and 45-30 victories over Emulsion Research and Power, respectively. Ted Wilkins bagged 16 points against Emulsion, and Herb Beck sparked the team to victory over Power with 13. Wilkins added 9 to his total. Bldg. 12 was idle.

NATIONAL DIVISION		
Bldg. 12	16 1/Power	11 5
Emul. Mkg.	15 2/Film Emul.	9 6
Ind. Engr.	14 2/Engr.	9 6
Testing	13 3/Emul. Res.	8 7
Bldg. 23	13 3/Syn. Chem.	7 9
AMERICAN DIVISION		
Roll Ctg.	12 5/Bldg. 14	3 12
Cafeteria	7 9/Bldg. 65	3 14
Bldg. 58	7 9/Wood Cell.	3 15
Bldg. 36	5 12/F.D. 5	2 15
Color Control	4 12/Emul. Ctg.	1 15

**Results Last Week:** Testing 39, Emul. Making 35; Industrial Eng. 57, Bldg. 65 39; Bldg. 23 54, Syn. Chem. 27; Syn. Chem. 34, Bldg. 36 31; Bldg. 65 50, Wood Cellulose 31; Roll Ctg. 64, Emul. Research 57; Roll Ctg. 45, Power 30; Bldg. 58 44, Color Control 43; Bldg. 58 39, Bldg. 36 22.

**KO Girls Win**  
The other Kodakers returned champions were Doris Minges and Bernice Terhaar, who defeated Adelle Allen and Marion Gardner in an all-Kodak Office finale.

The only duo to repeat its 1948 conquest was the Ethel Marshall-Bea Massman Class A-B women's doubles team. This pair is from Buffalo. Miss Marshall, national women's champion, also teamed with Grant Henry to win the mixed doubles.

**Class A-B Men's Doubles** — Cliff Schmidt, KP, and Bob Traquair, Buffalo, def. Phil Michlin and Frank Comstock, H-E, 15-11, 18-13.

**Class A-B Women's Doubles** — Ethel Marshall and Bea Massman, Buffalo, def. Alice Brown and Lorraine Kittenberger, Buffalo, 15-11, 18-16.

**Class C Men's Doubles** — Jim McGill, Rochester, and Bill Booth, Niagara Falls, Ont., def. Bob Connell, Toronto, and Bill Palermo, Rochester, 15-7, 17-18, 15-12.

**Class C Women's Doubles** — Doris Minges and Bernice Terhaar, KO, def. Adelle Allen and Marion Gardner, KO, 15-6, 15-5.

**Class A-B Mixed Doubles** — Ethel Marshall, Buffalo, and Grant Henry, Toronto, def. Alice Brown and Bob Bowling, Buffalo, 15-7, 15-6.

**Class C Mixed Doubles** — Arline Jaszniska, Buffalo, and Bill Booth, Niagara Falls, Ont., def. Alma Dickson and Bob Bausch, Buffalo, 15-6, 15-8.

### The Pin Parade

Here are the captions for the bowling photos across the top of this page, reading left to right:

1. C. Kenneth (Red) Simmons, left, congratulates his protegee, T. J. (Tom) Hynes, who won T-U Men's Classic. Both are CW keglers. Other Kodakers finishing in the money included Dan Mulcahy, KO; Tony Stavalone, H-E, and Tee Crocetti, KP.

2. Subject of the second photo is Ethel Rutan, first-year keglerette, who rolled 249 game while subbing in CW Friday Girls' League.

3. Receiving the C. K. Flint trophy from the donor is Gwen Boynton, who won annual KPAA Girls' Singles Handicap Tournament.

4. Pictured at far right, Cap Carroll, a keglor of no mean ability himself, last week announced all-Kodak Triples Tournament to be held Apr. 2-3. Cap recently crayoned 686 series in H-E Webber League.

### Reetz Hurls 269 Pin Solo

One of the best series of the season was recorded last week by Al Knotowicz, KP keglor. Rolling in the KPAA "A" League, Al cut loose with a rousing 643 total. Opening with a 222, he dropped to 188, then closed with a hefty 233.

The week's best three-game total was rolled in the same league when Harry Reetz crayoned a sizzling 269 solo. The week's leaders:

Harry Reetz, KPAA "A".....	269
Ernie Burt, KPAA Engineering....	264
Dean Carro, CW Supervisors.....	245
Doug Jack, KO National.....	253
Bill Carr, KPAA "A".....	248
George Nowack, H-E Webber.....	244
Bob Reynolds, CW No. 1.....	243
Dale Clapper, KPAA Trickworkers	242
George Stoldt, KPAA "A".....	238
Dave Simonsen, KPAA Tues. B-16..	236
Gordon Steinfeldt, KPAA Tue. B-16	236
Harold Timian, CW Supervisors....	236
George Gillette, KO American.....	236-234
John Burruto, CW Fri. Gen.....	234
Bruce Burke, CW Fri. Gen.....	232
Ed Kohler, CW Supervisors.....	232
Al Knotowicz, KPAA "A".....	233
Bernie Ostrander, H-E Webber.....	233

### Bowlers Eye \$120 1st Prize

A grand finale to the 1948-49 bowling season — an all-Kodak Mixed Threesome Tournament — will hold sway the weekend of Apr. 2-3.

First prize of \$120 will go to the trio turning in the highest handicap total. The number of entries will determine the balance of prizes.

Site of the tourney will be Mink's Franklin Bowling Hall, Franklin and N. Water Sts.

Entrants may choose their time and date, but this concession will be on a first-come, first-served basis, Cap Carroll, tournament chairman, announces. One bowler of the threesome, incidentally, may be a non-Kodaker. Two men and one woman will comprise a team.

#### Where to Enter

Entries may be filed at the recreation and athletic association offices at Kodak Park, Camera Works, Navy Ordnance Division, Hawk-Eye and Distillation Products, Inc. The deadline is Mar. 29. Entry fee is \$7.50 per team.

The scratch average will be 200 pins, with team handicaps based on 70 per cent of the difference between their highest averages in any sanctioned league and 600. All bowlers must have bowled 21 or more games in one sanctioned league this season.

Don McLeod toppled the timber for 599 to enable the NCP entry in the KPAA Thurs. B-16 wheel to hang up a 2745 game, second high team total in the loop. Charlie Schlafer ran close behind with 594.

#### WOMEN'S LEAGUES

Edith Kelley, KPAA 16-Team.....	190
Louise Welch, KO Girls.....	188
Virginia Cummings, KO Girls.....	175
Edna Hill, KP Cine Proc.....	171

**Friendly Rivals** — Badminton players from Canadian Kodak, Toronto, here last weekend for the KORC Invitation Tournament, pose with their Rochester rivals. Left to right, front row: Lois Patchen, KO; Margaret Michlin, KO; Jean Lewis, Toronto; Marg Dunham, Toronto; Doris Minges, KO. Middle row: Margaret Paprocki, KO; Don Harshaw, Toronto; Doug Imrie, Toronto; Anita Manning, KO; Adelle Allen, KO; Marion Gardner, KO; Jane Moriarty, KO. Rear row: Tom Miller, KO, tournament chairman; Don Leach, KP; Allan Vokes, KO, and Newt Shearer, KP.
