

KODAKERY

A NEWSPAPER FOR THE MEN AND WOMEN OF EASTMAN KODAK COMPANY

Vol. 12, No. 1 Copyright 1954 by Eastman Kodak Company, Rochester, N. Y. Jan. 7, 1954

Welton O. Myers bought a \$50 bond the other day. It looked just like those he had purchased in the last 12 years, but this bond held special significance. It rounded out sale of \$50,000,000 (issue price) in U.S. Series E Savings Bonds by the Eastman Savings & Loan Association. That's why there was a special presentation of the bond by C. P. Cochrane, Kodak director of industrial relations and vice-president of ES&L. He's at left in picture on right. Mrs. Myers was on hand, too, when Welton, a design engineer of the EC&M Div., accepted his latest bond.

Myers is representative of thousands of Kodak people purchasing U.S. Savings Bonds regularly under the payroll deduction plan at EK. He's been buying them since November 1941—just before the Pearl Harbor attack. Since then the Myerses' son and two daughters have grown up and gone to college—the bonds being the mainstay of their education fund.

1953 In Review

Let's take a look-see at '53 before we begin to score bright, new '54. It's informative and interesting, too, going back through the pages of KODAKERY. For printed there pretty much is the Kodak story of the year. Let's see what happened!

It was quite a good year for Kodak and its people. We reached new heights in the suggestion field. In April the 400,000th suggestion was submitted by a Hawk-Eye man and Irving Fellows of NOD set a new record with a total of \$11,386 earned on a single idea. Men and women in all branches of the Company contributed ideas that earned \$238,986 in the first 10 periods of 1953—another new record.

Through the year the 65th anniversary of the Kodak cameras was celebrated and was featured in the Company's advertising program. A high point of this observance was the introduction of three new cameras—the Kodak Chevron, the Kodak Bantam RF and the Kodak Holiday. They were just three of the new products and processes announced in 1953.

The Company's continuing program of construction and plant improvement was maintained in Rochester and other sections of the country. High on the list of new projects were the new branch and lab at Chamblee, near Atlanta, Ga., and two other labs at Palo Alto, Calif., and Fair Lawn, N.J.

In March the Kodak family shared a Wage Dividend of more than \$22½ million and in November the Board of Directors voted a WD of \$24,900,000 to be paid in March 1954.

Excellence in the field of photography earned many honors for Kodak men and women from several parts of the world. The Company's safety program also received recognition—24 EK units won awards in the annual statewide Accident Prevention Campaign.

Long service records of hundreds of Kodakers were recognized as they joined the ranks of 25-year people. Some reached the 40-year mark and several completed a half century with Kodak.

There were many new faces in the Kodak family... there were new appointments and retirements. Now let's look at some highlights, month by month.

chairman, celebrates 50th year with Company. . . Consolidated sales up in first quarter.

May—Kodak announces three new models of Kodascope Pageant Sound Projector. . . Dr. T. Howard James of Research Laboratories awarded Davanne Medal by French Photographic Society.

. . . Morley Reid, veteran of Kodak service in the Orient, dies. . . Ray Wilson of CW completes half century with Kodak. . . Perley S. Wilcox, retired chairman of the board, dies. . . C. E. Moses named manager of Flushing Lab. P. E. Smith becomes assistant manager of Chicago Lab.

June—Lowell Miller of KO and Grant Haist of KP receive first Kodak Camera Club fellowships. . . 23 Kodakers receive degrees from U. of R. . . Construction begins on new Kodak processing lab at Palo Alto, Calif. . . Edmund H. Miller Jr. of KP killed in Korea. . . Carl Fischer at CW 50 years.

July—65th birthday of Kodak cameras featured in EK advertising. . . Charles L. Resler named Rochester Branch manager. . . 50-Year Advertising Award presented to Kodak by the Saturday Evening Post. . . Kaypees win Major Industrial League softball pennant.

August—The half-year score showed EK people had earned \$136,000 on suggestions. . . Kodak shares cost of hospital, surgical plans. . . Lester Williams of J Bldg. cashes a \$3,000 idea. . . Kodak had a good first half year in 1953, report shows. . . James C. White, Tennessee Eastman president, named Kodak director. . . Dr. G. C. Higgins of EK Research Lab is awarded Davanne Medal for '53 by French Photographic Society. . . New Kodak Master Camera, 8x10, makes bow. So does Kodak Continuous Paper Processor, Model 3. . . CW netmen depose KP team as champs of Industrial Tennis League. . . 555 kids get trophies in KPAA Boys' Softball Program.

September—Kodak's Major Medical Expense Plan announced. . . Agnes Hart of NOD receives 50-year gold medal. . . New model of Brownie Movie Camera makes bow. . . Paul Ratigan of CW receives \$2,329 on suggestion. . . James A. Noble, assistant manager of CW, retires.

October—Kodak announces three new cameras—the Chevron, the Bantam RF and the Holiday. . . L. Hayward (Bart) Bartlett retires as EK director of advertising. . . Company pays tribute to 418 in "Class of '28" at annual 25-year dinner. . . CW's Ray Wilson retires after half century with Company. . . Kodak makes musical history with inauguration of series of Rochester Pops concerts at plants. . . 58 receive certificates of accomplishment after serving four years of apprenticeship in EC&M Div. at KP. . . Kodak sends out mobile demonstration unit of "Optics for Industry." . . Death claims Walter G. Bent, retired board chairman of Kodak Ltd. . . Photolithographers told of two new EK products—Kodalith Autoscreen Ortho (a new film) and Kodak Photo Resist (a coating).

(Continued on Page 4)

January—C. L. A. Wynd named assistant general manager of Kodak Park. Arthur B. Simmons becomes assistant manager of Hawk-Eye in charge of engineering. Dr. L. K. Eilers, Dr. A. J. Gould, E. R. Clearman and E. P. Kron also get new responsibilities at KP and K. C. Ogden Jr., E. G. Quin, C. W. Clutz, A. R. Fultz and H. V. Hintz appointed to new positions at H-E. . . Toolmaker Ken Downs of CW receives \$5,000 suggestion award—largest initial amount paid in history of EK Suggestion System. . . Ken Brenner of KP wins George Eastman Memorial Medal in Kodak International Salon judged in Paris. . . Dr. W. A. Sawyer retires as consultant to EK Medical Dept. . . Savings in ES&L reach almost \$24 million. . . George L. McCarthy becomes chairman of board of Recordak Corp. . . Dr. C. E. K. Mees is awarded 1952 Progress Medal of Royal Photographic Society. . . Station WHAM presents Leadership Award to W. B. Potter, Kodak director of advertising. . . KP's Zoe Bickel rolls 280 game—best in EK women's leagues.

February—All-time record set in EK Suggestion System with \$269,282 paid for ideas in 1952. . . A. H. Robinson is new president of ES&L. . . Douglas H. Foxall named assistant to treasurer of Kodak. . . J. G. Killip becomes managing officer of ES&L. . . 115 KP truck drivers honored for safety records. . . H-E's Jerry Santangelo wins All-Kodak Men's Singles Handicap.

March—EKers share \$22½ million Wage Dividend. . . Company's annual report given. . . CW bobsledders, Art Tyler and Ed Seymour, win two more championships on Mt. Van Hoevenberg. . . 24 Kodak units earn awards in 28th annual Statewide Accident Prevention Campaign. . . CW takes table tennis championship. . . New Kodak B-C Flashholder announced. . . New Kodak branch to be established near Atlanta, Ga. . . First shipments made on Verifax Printer. . . ES&L opens modernized offices at State St. and at KP. . . Kodak films win Oscar.

April—Marion E. Russell named manager of new Color Print and Processing organization at KP. R. S. Scott, H. A. Hart, C. R. Nelson, W. F. Ashman and R. L. Clark get new responsibilities. . . Bill Teeter of H-E submits 400,000th suggestion since start of Kodak plan in 1898. . . Viola (Ty) Tyler of NOD captures Kodak Women's Singles handicap bowling crown. . . 43 EKers complete management studies in RIT's evening school. . . Irving Fellows of NOD earns total of \$11,386 on suggestion, setting new Company record. . . Kodascope Analyst Projector announced. . . Kodascope Royal Projector represents new approach to projector design. . . E. E. Blake, Kodak Ltd. board

Thinking of Others Shut-Ins' Creed

Making thousands of people happy—that perhaps is the best way to describe what Mae Johnson is doing. She's the wife of A. Dexter Johnson, assistant director of EK advertising.

Letters of appreciation to her and her committee reach her Alpine Dr. bedside by the armful.

The World Inside Shut-In Club was her inspiration to bring happiness, entertainment and hope to local shut-ins who, like herself, are unable to take an active part

in the world outside.

A little more than a year ago, she and Charles Brink of WHAM talked about her idea which re-

sulted in the shut-ins having their own half-hour program Saturdays at 10 a.m. It consists of taped interviews with club members in their homes and news collected and reported by Mae.

The telephone, mails, press and countless visits of volunteers also have brought the shut-ins back in contact with the world outside.

Cards, Flowers

One discouraged hospitalized girl first received flowers. The shut-ins' "underground" passed the word to send cards; visitors followed. Later, in a happier mood, the girl expressed surprise that "someone thought of me." The explanation was almost the creed of the club—everyone is valuable and there is an interest in you as a human being.

"There are so many desperate people," Mae explained. "As soon as the cold weather set in, the club was deluged with calls about shut-ins who were discouraged and blue." Phone calls and cards soon changed their lives.

"We couldn't operate without the outside volunteers," stresses Mae. "They're marvelous in the hours they give to cheering and assisting shut-ins in ways personalized to each. Local manufacturers have found part-time employment for some. McCurdy's provided a booth before Christmas where shut-ins' handicrafts were sold."

Honored Coast to Coast

But, Mae is modest about telling you that the world outside beat a path to her door on a national scale twice in December. The Kate Smith television show cited her for her work with shut-ins and Bob Hope named her "woman-of-the-week" on a coast to coast hookup.

Friends from all over the U.S. were listening to the programs. Mae says that the club started as a local project, but shut-ins all over the U.S. wrote in and "we here keep in touch with them by mail. Locally, the shut-ins now are close personal friends through phone and writing." Other communities are beginning clubs, too.

Confined to her own bed, Mae's a dynamo of spiritual and mental activity. In fact, she's so happy and vital herself that she gives a real lift to the well people, too, whose paths cross hers.

The Johnsons—Mae and Dex read mail of World Inside Shut-In Club as they wait for weekly radio program.

Your Insurance Coverage May Increase at Kodak

This is the time of year when some Kodak people will learn that their coverage is larger under the Company's Group Life Insurance Plan. It is based on wage and salary adjustments in 1953. The greater coverage means, of course, that your contribution and that of the Company also are increased.

Your rate of pay is checked every Jan. 1 so that any changes during the preceding year may be taken into account.

Maximum amount of group life insurance is equal to about two years' pay. This is on a contributory basis, which means you pay part of the cost. If you came to Kodak before Jan. 1, 1937, coverage of about one year's pay is contributory.

Here's how the amount of contributory insurance for which you are covered is figured:

Your weekly rate of pay for 40 hours in effect Jan. 1 (your average rate for the third quarter of last year, if on the hourly payroll) is multiplied by 52 to get the an-

nual rate. This is rounded to the nearest \$100 and multiplied by two if you have the maximum of two years' contributory coverage. This gives the amount of contributory group insurance which you will have for the entire year.

Your personal statement will be supplied later this year. This will tell you exactly how much group life insurance you have in 1954. If you want to figure it out, however, when the first insurance deduction is made from your pay check this month, here's how you do it:

Divide the amount of the deduction by \$.06 (you pay 6 cents a month for each \$100 of insurance). Multiply this figure by \$100. This is the amount of contributory group insurance you will have in 1954.

Here's an example:

Suppose that your insurance deduction is \$4.80 each month. Divide that by \$.06 and you get 80. Multiply 80 by \$100 and you get \$8,000, which is the amount of your insurance.

Your contribution to Kodak's Major Medical Expense Plan and your coverage also may be increased if you moved into a higher Major Medical wage and salary classification since Oct. 1. For instance—if the annual rate of salary or wages is less than \$5,000, the monthly contribution is 35 cents for personal coverage only or 80 cents for personal and dependent coverage. If, however, the annual rate of salary or wages is \$5,000 but less than \$10,000, the monthly contribution is 75 cents for personal coverage only or \$1.85 for personal and dependent coverage. The maximum amounts payable and deductible amounts increase with the rise in contributions.

If you have any questions about your insurance ask your supervisor. The Office Personnel or plant Industrial Relations Depts. also will be glad to help you.

Fotomecanica Editor to Visit Subscribers

Latin American subscribers to Fotomecanica can expect a visit from its editor soon.

Charlie Otero, who edits this Spanish publication of KO Export Advertising, leaves Jan. 9 on a 2½-month junket.

He will call on Kodak graphic arts dealers and users of EK graphic arts products in Cuba, Puerto Rico, Venezuela, Colombia, Ecuador, Peru, Chile, Panama, Costa Rica, Salvador, Guatemala and Mexico.

In several cities, Charlie, who is an amateur radio operator, will try to contact Kodakers via ham radio.

Otero

New EK Albums

A new line of Kodak Duplex Protecto Albums is being introduced by Kodak for storage and protection of small black-and-white and color prints.

They are being offered with brown or green simulated leather covers and will be supplied in two sizes, one for prints 3½x5 inches or smaller, the other for prints 3½x3½ inches or smaller.

With Kodak Retirees

Mike Heberger, former member of the CW Cine Assembly Dept. who retired seven years ago, says he has been living outdoors most of the time during the summer months. A cottage at Gray Shores, Conesus Lake, is where he spends most of his time fishing. Mike caught the "big one that didn't get away." Using a chub on an English hook, he landed a 9-pound northern pike that was 33½ inches long. He says he played him for half an hour. Wind was northwest and time about 4 p.m. Mike has caught at least a dozen of the northerns the past summer.

Mike Heberger . . . good catch

William A. Doane, who retired from EC&M Planning in 1950 after completing 40 years of Company service, announced his retirement Jan. 1 as city superintendent of street lighting. A former city councilman, he was honored guest at a testimonial dinner given by his DPW associates at the

Liederkrantz Club. A son, Robert, is in KP Bldg. 28.

Robert Pottier Receives New E&OO Post

Robert Pottier is the new manager of Kodak S.A., Brussels, Belgium, according to the announcement of the European and Overseas Organization.

He succeeds Roland Villemur who died.

Commencing as secretary to Villemur in 1947, within a few months he became acting sales manager and assistant to Villemur. When the latter was on holiday or leave, he acted as manager.

Pottier, a former student of chemistry at the Universities of Louvain and Brussels, once served two years as a photographic dealer. Today, he is vice-president of the cooperative committee to promote photography in Belgium.

Robert Pottier

Al Bird, formerly of KP Plant Protection, and his wife, a one-time member of the Box Dept., celebrated their 45th wedding anniversary Nov. 23. Highlight of the day was a dinner party attended by the couple's three children and seven grandchildren. Al has been retired for the past four years. He and his wife spend the summer months in the Adirondacks.

From Sarasota, Fla., came a letter from Edward J. Ryan who is retired from KP's Film Emul. Dept.

He says: "I'm down here with my daughter and granddaughter, and am really enjoying good health and having a good time. It's nice and warm, and I've been doing a little fishing." He expects to come north in May.

Ed and Mrs. Hartman . . . Florida residents

Real Estate Taxes Due This Month; ES&L Sets Jan. 25 Deadline for Bills

Your real estate taxes are due this month.

When you receive the bills send them on to your mortgage holder if you have a tax account with them.

If Eastman Savings and Loan holds your mortgage and the arrangements call for payment of the taxes by ES&L, send your bills to them before Monday, Jan. 25—the sooner the better.

Tax bills on property in Rochester are not mailed by the city unless the owner requests it. Most of those residing in the city get two bills—one from the city and one from the county. In the surrounding towns collectors usually mail bills to registered owners.

Responsibility for obtaining the bills rests with the property owners. New property owners especially should be on the alert for their bills. City and county records may not be changed to show the new owners. In such cases the bills might go to the previous owners or be held by the collectors.

5 Years Ago: KODAKERY, Jan. 6, 1949

New general manager of Kodak's Sensitized Goods Sales Div. is William E. Barr.

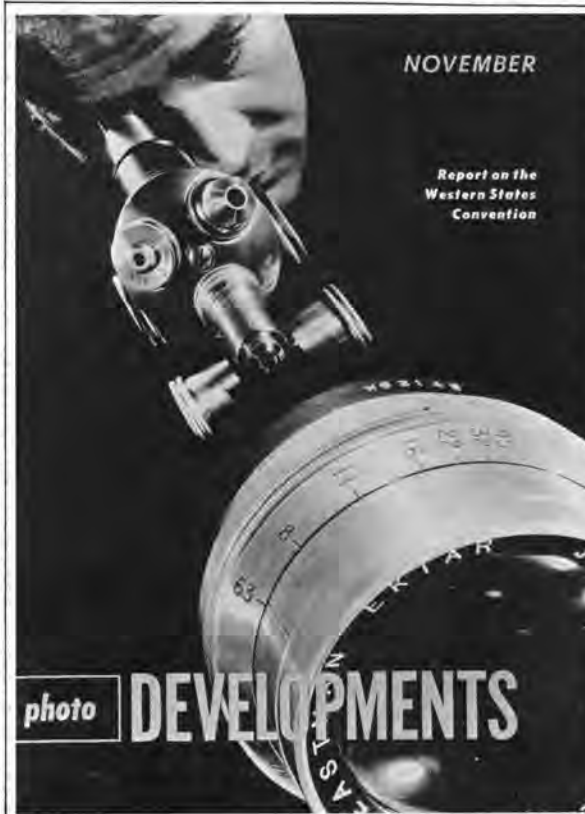

The Company announces plans for a new Distribution Center to centralize storage, shipping, distribution and scheduling.

A new laboratory building, designed to increase production of Kodak's synthetic organic chemicals, is in operation at Kodak Park West.

A. J. Eilinger succeeds Oscar Zabel as president of the Kodak Park Pioneers' Club for the 1948-49 season.

EK's Navy Ordnance Division will operate a government-owned plant at 121 Lincoln Ave. for the Navy Dept.

Daniel I. Mayne is appointed director of Kodak's Patent Dept. Fourteen H-E folk observed their 25-year anniversaries in 1948.

Cover Shot

Kodak was in the spotlight on the cover of the November issue of Photo Developments, the official publication of the Master Photo Dealers' and Finishers' Association. It shows an Ektar Lens being tested by a lens inspector at Hawk-Eye with an optical instrument known as a turret microscope. Jack Collins, Photo Illustrations Div., Kodak Office, was the photographer.

H-E Holiday Happenings

The Christmas party calendar supplied its usual quota of department holiday celebrations. Leading off was the Superintendent's Office with a Dec. 9 party at Locust Hill Country Club. **Perry Mulligan** was chairman of the event.

The following evening found Accounting members enjoying a dinner party at Maplewood Inn, while Payroll, Timekeeping and Office Methods held their collective doings at the Moose Club.

Recordak Engineering also selected Dec. 10 to stage its annual get-together at the St. Paul Exempts Club. **Marie Green** was accorded a vote of thanks for the success of the gala affair.

On Dec. 11 **Eddie Neid** directed the Production Control crowd to the Avery, where they dined buffet style. Two other departments held their respective holiday gatherings at the German Club on the same date. **Ora Marshall** was the party planner for Dept. 45, while **Charlie Crayton** and **Margaret Marshall** arranged the Tool Engineering affair.

At Michalski Post an orchestra entertained Dept. 82 folk on Dec. 12. **Ann Schwarz**, **Jim Hanselman** and **Jackie Hauck** combined efforts to mastermind a delightful evening's entertainment.

Harold Shermer, Dept. 17, now is the papa of three daughters. New arrival **Connie Jone** weighed 8 pounds, 4 ounces at birth. . . . Dept. 11's **Ann Ridley** and her husband, **Harry**, went to Florida on their recent two-week vacation.

Wendell Schillinger, **John Lacey** and **Leo Webber**, all of Dept. 32-53, were among the successful hunters during the recent deer season. . . . Plant Protection's **Ruth Donovan** entertained her son, **Kenneth**, during the holidays. **Ken** was on vacation from Massachusetts Institute of Technology.

Lynn Keeler of the Air Force Office played host to fellow hunters **Jack Flaherty** and **Fred Sgammaty**, both of Dept. 63, at his Rushville farm. The boys bagged one buck.

Sunday, Dec. 13, Depts. 32 and 53 bowled at the Red Men's Club. **Lenny Doell** was credited with a successful party.

On Dec. 17 Detail and Estimating and the Standards group got together at the St. Paul Exempts Club. Arrangers were **Sadie DiVita** and **Cappy Ulsamer**. Receiving and Shipping members exchanged season's greetings at a dinner party held at the Turners the same evening. **Ada Kewley** and **Sheila Bamford** headed the committee. Dept. 25 and the Medical Staff enjoyed dining buffet style at the Party House. The committee in charge was headed by **Lee Haugh**. Dept. 42 members were dinner-dated at Bardo's. Their affair was planned by **Joe Murphy**.

The **Bill Schneebergers** named their baby **Judy Ann**. **Bill** is in Dept. 31. . . . Production Controllers recently welcomed back **Gordie DeHond** and **Harold Stone**. Both had been hospitalized. . . . KODAKERY Correspondent **Rose Marie Nevinskas** enjoyed a pre-holiday vacation wrapping Christmas gifts.

Joe DiGioia, Dept. 82, reports the arrival of his third child. **Joe Jr.**, weighing seven pounds, was born Dec. 8 at Strong Memorial Hospital. . . . Detail and Estimators are introducing newcomer **Donna Hoefner**. . . . Under **Avice Burns'** Christmas tree were the keys to a new Nash, a gift to herself. **Avice** is in the Plant Protection Office. . . . **Edna Klimas** and her 14-month-old son, **Mark**, paid a call to mama's former headquarters in Personnel.

The guest roster of the 25-Year Club dinner party held recently at Bel-Air Country Club in Los Angeles included the name of H-E's **Anne Browne**. **Anne** retired from Dept. 43 in August 1945 and makes her home in Riverside, Calif.

In Time for Christmas

A few days before the holiday, **Robert O'Beirne**, center, Dept. 39, received a suggestion award of \$750. Taking part in the presentation ceremonies were, from left, **Bob McGlashan**, Suggestion Dept.; **Frank Alexander** and **John Pittman**, Dept. 39, and **Herb Knop**, Suggestion Dept.

Bob O'Beirne's Idea Nets \$750

Robert O'Beirne's "letter to Santa Claus" was written on a suggestion blank. His pre-holiday correspondence recommended a pressure testing method for the Materials Inspection Dept., and as a result of the suggestion's adoption his "stocking" was stuffed with a check for \$750.

Altogether, 118 suggesters received a total of \$2,962.50 for 141 approved ideas. Of this amount \$540 was shared by 22 feminine thinkers.

For advising the elimination of a gaging operation performed in Dept. 45 and Quality Control on four different parts, **Jack Hamlin**, Dept. 31, was presented a \$250 award.

\$750—**Robert O'Beirne**, Dept. 39. \$250—**Jack Hamlin**, Dept. 31. \$170—**Perney Noble**, Dept. 55. \$110—**Loretta Ereth**, Dept. 23. \$100—**Harry Paine**, Dept. 17. \$70—**Donald Kausch**, Dept. 78. \$65—**William McCarthy**, Dept. 14. \$50—**Irene Prendergast**, Dept. 25; **Harry Wheeler**, Dept. 64; **Albert DeSmith**, Dept. 82; **William Bebb**, KP. \$40—**George Manning**, Dept. 17; **Margery Menzies**, Dept. 54. \$30—**Kenneth Moore**, Dept. 31; **James Snively**, Dept. 33; **George Jost**, Dept. 37; **Wayne Lourette**, Dept. 64. \$25—**Henry Walker**, Dept. 31; **James Gee**, **Anthony Mangiavillano**, Dept. 33; **Abraham Zakofsky**, Dept. 72; **Donald Kausch**, Dept. 78. \$20—**William Kemp**, Dept. 14; **Eleanor Lewis**, Dept. 23; **Albert Oechsle**, Dept. 31; **Wilbur Welscher**, Dept. 36; **William Beikirch**, Dept. 37; **Donald Kausch**, Dept. 78; **Allen Green**, Dept. 79; **Edward Olynek**, Dept. 82. \$15—**Anthony Metzger**, Dept. 13; **Barbara Tschume**, Dept. 25; **Ethel Teeter**, **Violet Kroeger**, Dept. 26; **Henry Zavacki**, Dept. 33; **Herman Sonneman**, Dept. 47; **Lewis Bouchard** (2), Dept. 53; **Mnester McKay**, Dept. 62. \$10—**Edward Beare**, Dept. 17; **Ronald Gnage**, Dept. 27; **John Jackson**, **George Buechl**, Dept. 33; **Henry West**, Dept. 35; **Arthur Hill**, **Burt Wolff**, **Raymond Fratta**, Dept. 37; **Ralph Marshall**, **Francis Lee**, Dept. 47; **Alton Healy**, Dept. 53; **William Teeter**, Dept. 59; **Donald A. Miller**, **Peter Pryzlock**, Dept. 61; **Mnester McKay**, Dept. 62; **Wilbur Brown**, **Edward Clark**, Dept. 63; **Frederick Meyers**, Dept. 74; **William Westmiller**, Dept. 78; **Herbert Plotter**, **Andrew Bunder**, Dept. 82; **Dorothy Skelly**, **Iris Goldthorpe**, Dept. 31; **Margaret Durfee**, **Cathleen Vanderbilt**, Dept. 32.

Perney Noble, Dept. 55, and **Loretta Ereth**, Dept. 23, received supplementary payments of \$170 and \$110, respectively, to lead the gals. Both previously had received initial awards of \$100 for their suggestions. **Perney's** recommendation had to do with an improved lens cleaning operation while **Loretta** collected for her idea dealing with the quality control methods used on filters.

By showing that two milling operations could be combined, thus saving considerable time, **Harry Paine**, Dept. 17, pocketed a check for \$100.

Three suggestions netted Dept. 78's **Don Kausch** awards totaling \$115.

Awards List

\$750—**Howard Nixon**, Dept. 31; **George Dahn**, Dept. 32; **Edward Koester**, **Harold Batz**, Dept. 33; **Burt Wolff**, **Eugene Simpson**, **Elmer Nill Jr.**, **Henry Braun**, Dept. 37; **Walter Wettach**, Dept. 47; **Henry Iglinski**, **John McGuire**, **Arthur Emmighausen**, Dept. 63; **Edward Shilanski**, Dept. 73; **Robert Andrus**, **Edward Olynek**, Dept. 82; **Beverly Gregson**, **Aline Thompson**, Dept. 26; **Dorothy Dummer**, Dept. 37; **Alice McCarn**, Dept. 38; **Dolores Gurnett**, Dept. 41; **Jane Weingartner**, Dept. 54.

Receive \$5 Checks

\$5—**Robert Hallock**, Dept. 13; **Gerald Heath**, Dept. 17; **Walter Arnold**, Dept. 23; **Anthony Sanders**, **Gordon Law** (3), **John Gott**, **Alfred DeMitty**, Dept. 31; **George Dahn** (2), Dept. 32; **Donald Carson**, **Raymond Sykes**, **Charles Frisbee**, **Gerald Nientimp**, Dept. 33; **Robert Gerhardt** (2), Dept. 35; **Elmer Johnson**, **Frederick Anderson** (2), **Arthur Bouchard**, **Raymond Frazier**, **Burt Wolff**, **Conrad Salber** (2), **Stanley Basamania** (2), **Herman Zwirn**, **Theodore Weltman**, **Eugene Simpson** (2), **Elmer Nill Jr.** (2), **Stanford Bonno**, **F. Elwood Thomas**, **Charles Robinson**, **Paul Maffett**, Dept. 37; **Sebastian Socia**, Dept. 40; **Earl Sengle**, Dept. 47; **Eugene Snyder**, Dept. 61; **John Pollock**, Dept. 67; **Robert Ragot**, Dept. 73; **W. Ross Mitchell**, Dept. 75; **John Lynch**, Dept. 78; **Wesley Schaubert**, **Harry English Jr.**, Dept. 79; **George Mallory**, **George Hupp**, Dept. 82; **Dorothea Florack**, Dept. 23; **Gloria McAlpin**, Dept. 26; **Frances Rice**, **Emily Groh**, Dept. 31.

SPOT SHOTS: From H-E's 25-Year Dinner Party

Among the 234 guests assembled in the Sheraton Hotel's main ballroom for the Dec. 10 renewal of the 25-Year Club's annual dinner were 36 retired Kodakers. Several of them were making their first appearance at a Company function since leaving H-E.

Following the excellent dinner, **Art (Major Bates) Briese**, noted humorist, entertained the audience. **Jack Kowalski**, retiring president, served as master of ceremonies and introduced **Walter Kempf**, newly elected president of the club.

Retired partygoers were: **Harry Jones**, **Chris Haus**, **William McKay**, **James McKee**, **Louis Ehrmann**, **Fred Albers**, **Albert Jerram**, **Walter Page**, **Robert Guilford**, **Max Weyle**, **Percy McKee**, **Herbert Neale**, **Helen Plain**, **Fred Von Deben**, **Peter Golben**, **Marion Meyers**, **John McCagg**, **John Rearson**, **William Eyer**, **Charles King**, **George Hanford**, **Ignas Matulis**, **Louis Fisher**, **John Vass**, **Claude Harding**, **Alex Muir**, **Pauline Tassinati**, **Thomas Tremer**, **John Southward** and **James Druz**.

50-Year Man Max Rosner Retires

When they sang "For He's a Jolly Good Fellow" at the party for Max Rosner it really was meant, for that was the way Max impressed everyone during his 50 years at Kodak.

Max joined KO's Billing Dept. in 1904. "I think good penmanship as well as a liking for figures won me the job," he declared, "for pen and ink were used on ledgers and bills at that time."

Six years later he joined KO's Export Dept. and concerned himself with expediting orders for Latin America and the Far East.

Max and his position were transferred to the Distribution and Planning Dept. in 1949 and a few months later moved to the Distribution Center.

On Dec. 28, Ivar N. Hultman, EK vice-president and general manager of KP, presented Max the 50-year EK gold medal. The next evening Distribution Center and KO friends honored him at a party at the University Club. Max retired Jan. 1.

A great lover of music, he anticipates listening to many operas and concerts in the future. A trip to New York is in the immediate future and he plans other jaunts.

His brother, Louis, is a 43½-year CWer.

Max Finishes 50—That's Max Rosner of the Distribution Center with the 50-year gold medal just presented to him by Ivar N. Hultman, left, EK vice-president and general manager of Kodak Park. George E. Yeomans, right, assistant manager for operations at the Center, is quite proud of Max, too.

Calvin Johnson Features Foremen's Program Jan. 12

One of America's great contemporary speakers, Calvin Dean Johnson, will feature a program for the KP Foremen's Club Tuesday, Jan. 12, in the Bldg. 28 gym. A native of Kentucky,

Johnson traces his ancestors back to the first settlers in Jamestown in the 1600's. He spent six years as a member of the Illinois General Assembly and was elected to

the U.S. Congress in 1942, the only Republican from his district in 20 years. He exposed and forced

Calvin Johnson

abandonment of the European farm machinery project under which a half million pieces of farm machinery were programmed for many countries now behind the Iron Curtain. Three top-notch stage acts will be included on the evening's bill.

Dean Allen, a young man with a pleasing voice, will share the spotlight with the Radio Aces, three gentlemen who double as singers and mimics. Adding a captivating feminine touch will be the Holliday Dancers Revue, eight maids with a flair for staging unusual dance interpretations.

A steak dinner will be served in the second floor cafeteria starting at 4:45 followed by a short program of movies.

Göteborg, city of 16th century moats and canals; Darlana, scene of a traditional folk festival; the Gota Canal; Stockholm, city of islands and waterways; Orrefors, home of world-famous glass; Gotland, Sweden's Baltic outpost, and the medieval walled city of Visby, a thriving community in the midst of Scandinavia's most remarkable historical remains.

Tickets for the movie-lecture, free of charge, are available at the Camera Club, Bldg. 4, as well as at all plant recreation offices.

\$2,800 Idea Tops for Period At KP; 2nd Man Gets \$1,000

Two KP men have reaped high awards—totaling \$3,800—for suggestions. James Cummings, Color Print & Processing Services, received an original award of \$2,800 to top all plant suggesters during the 12th period. A check for \$1,000, representing an additional award, went to G. David Miller, Plant Protection, for an idea which originally paid him \$100.

Cummings suggested a change in the method of supplying mounts to customers, some of whose transparencies could not be machine-mounted. Formerly mounts sealed on three sides were furnished, but they are supplied now in unsealed form so that it will be possible for the customer to mask and mount his film according to his own preferences.

Miller, while in the Stores Div., devised a new system of dispensing the many types of lubricants being carried in stock. In addition to streamlining the operation of dispensing lubricants, Miller has

W. Glenn Fulton Dies

W. Glenn Fulton, Hawk-Eye Cashier's Office head, died Dec. 27 after a brief illness. Funeral services were conducted Dec. 29 in Hedges Memorial Chapel.

Born in Portland, Ind., he resided in Mansfield, Ohio, and Dallas, Tex., before coming to Rochester. He joined the Company at H-E Jan. 18, 1937.

Among survivors are a son, David H. Fulton, EK ass't treasurer.

eliminated a possible source of lubricant contamination.

Cummings has been at EK since 1937, Miller since 1947.

Jim Strikes It Rich—James Cummings of KP, center, receives check for \$2,800 from D. R. Browne, right, asst. service mgr. of Color Print and Processing. At left is R. L. Clark, superintendent of Film Processing Div. The check represented an award on Cummings' suggestion, tops in 12th period.

Dozen Appointments Announced at KP, KO

A number of appointments have been announced for various units of the Company.

Named by I. N. Hultman, KP general manager, were:

Stanley M. Kowalski to comptroller at KP.

Carl H. Grashof to assistant comptroller at KP.

Andrew P. Satter to assistant director, Wage and Salary Administration, KP.

The following were appointed by Hultman in the Color Print and Processing Organization at KP:

Donald R. Browne, assistant service manager.

Harry G. Cooke, general super-

visor of engineering.

Earl R. Ruckdeschel, manager of the new processing lab at Chamblee, near Atlanta, Ga.

James E. McGhee, vice-president, announced appointment of:

Adrian TerLouw as educational consultant for the Sales Service Div. at KO.

N. E. Salmons will supervise production and distribution activities of Camera Club and School Service. Assisting Salmons with responsibility for club activities will be C. A. Kinsley.

Dr. C. J. Staud, director of the Kodak Research Laboratories, announced these changes:

Dr. John Russell to assistant division head of the Chemistry Div.

Dr. Paul W. Vittum to assistant division head of the Color Photography Div.

Dr. Maurice Van Horn to head of the Physical Chemistry Dept. of the Chemistry Div.

Dr. C. A. Horton to head of the Graphic Arts Dept. of the Applied Photography Div.

Camera Clubbers to View Full-Length Kodachrome Movie

An introduction to the oldest kingdom in Europe and its Baltic sister will entertain Kodak Camera Club members Jan. 19. Herbert Knapp will present his Kodachrome, "Denmark and Sweden," in the Kodak Park gym. The program is scheduled for 8 p.m.

A thousand years of history give Denmark an unusual significance, and Knapp has captured much of the old-world flavor in his picture story. He explores four of the kingdom's most interesting castles, including Kronborg, the Elsinore of Shakespeare's "Hamlet"; Odense, birthplace of Hans Christian Andersen; the stork city of Ribe, and quaint North Sea fishing villages. In Copenhagen, where live 25 per cent of the Danes, he shows a city of 700,000 bicycles, all seemingly in motion at once.

Old customs linger on also in Sweden where there are visits to

Herbert Knapp

KCC Begins Winter Term Registration

Registrations are being taken for the Kodak Camera Club's winter term of classes in photography. Early enrollment is urged since all classes are limited in their number of students. The following educational calendar is announced:

Elementary Photography, 12 weeks starting Jan. 18, tuition \$15; Dye Transfer, 6 weeks starting Jan. 18, tuition \$20; Negative Control Techniques, 9 weeks starting Jan. 18, tuition \$10; Elementary Photography, 12 weeks starting Jan. 19, tuition \$15; Photographic Chemistry, 6 weeks starting Jan. 19, tuition \$7; Elementary Color Exposure, 7 weeks starting Apr. 20, tuition \$12; Advanced Sensitometry, 12 weeks starting Jan. 20, tuition \$15; Advanced Photomechanical Reproduction, 12 weeks starting Jan. 20, tuition \$15; Flexichrome, 8 weeks starting Jan. 20, tuition \$15; Elementary Pictorialism, 12 weeks starting Jan. 20, tuition \$15; Advanced Color Exposure, 7 weeks starting Apr. 22, tuition \$12; Movie Making, 12 weeks starting Jan. 21, tuition \$12.

Alien Report Due in January

The Immigration and Nationality Act of 1952 requires that all aliens who are in the United States on Jan. 1 must report their addresses to the Commissioner of Immigration and Naturalization. This must be done during the month of January. Heavy penalties are imposed for failure to report.

Aliens may obtain the address forms from their plant Industrial Relations Dept., the Personnel Dept. at Kodak Office, or any post office. Completed cards may be left with any post office clerk for forwarding to the Immigration and Naturalization Service.

Grand Central Exhibit Gets a New Look . . .

There's been some remodeling going on at Kodak's New York Photo Information Center in Grand Central Terminal—and the Kodak Exhibit has emerged with a "new look" and a considerably larger audience.

A specially designed stairway with a theater marquee type entrance on the Grand Concourse now leads up to the Kodak Exhibit on the East

Balcony of the station. The entrance to the stairway is located below Kodak's 18x60-foot Colorama.

Upstairs in the Kodak Exhibit a new continuous sound slide show illustrating applications of photography today is one of the features attracting visitors' attention. There also are a number of new display cases and exhibits.

Since the center opened in May 1950 more than

a million and a half people from every corner of the world have stopped in. The exhibit is open seven days a week from 10 a.m. to 10 p.m. and there is no admission charge.

Kodak products are not for sale at the center. The nine Kodak men comprising the staff are on hand to demonstrate Kodak products, discuss photographic techniques and answer questions.

Above, left, the Grand Concourse at Grand Central Terminal showing a corner of the Colorama at upper left and the entrance to the Kodak exhibit at lower right. Above, right, the new entrance and below, left, the stairway.

Above, visitors look over the exhibits including the display of early model cameras illustrating progress in the photographic field.

Left, spectators view the continuous sound slide show "Photography Today," the exhibit's most dramatic new attraction. Photography's useful functions in our everyday life are described.

Below, a glass-enclosed revolving display case exhibits the components of a Kodak Signet Camera.

Left, one of the attractive show windows containing EK products.

Above, another array of Company products is admired by staff member Norbert Fireside. All the window displays are installed by members of EK's N.Y. Display Dept.

Film Processor—Katherine Marszalek processes test films exposed in final inspection of Recordak and Kodagraph microfilm machines at Hawk-Eye. Above, she uses a chamois to wipe off excess water from a developed film strip she has just attached to drier.

Katherine
Marszalek
Handles
Unique
One-Woman
Operation
At H-E

Not a single Recordak or Kodagraph microfilm machine leaves the Hawk-Eye plant without a film inspection. And Katherine Marszalek processes all the test films made on the machines prior to their being packed for shipping.

In her seventh floor Dept. 73 darkroom, surrounded by developing tanks, drying racks, countless bottles of chemicals, densitometers, etc., she daily performs chores important to the technical perfection of each unit. She also processes the films made of H-E records and does developing work for departments not equipped with adequate facilities.

It's an exacting job, and Katherine points out that great care must be exercised in maintaining the proper temperatures of the various solutions she uses and keeping an accurate watch on the timing of the process. The high standard of Kodak quality in processing is regulated by the use of H&D test film strips supplied by KP.

Off-duty hours find her pursuing a variety of hobbies with special emphasis on motoring, fishing and crocheting. Angling outings to Fair Haven and Canadian lakes supply a great deal of summer weekend enjoyment for her and her husband, Frank of Dept. 61.

Katherine has just completed her seventh year with EK, having joined H-E Jan. 6, 1947.

KP Girls Eager to Return To Exciting Caribbean

The colorful Caribbean, once the homing ground of bold buccaneers and Spanish galleons, provided a treasure of excitement for two KP girls recently back from a 13-day tour of the West Indies. Enthusiastic about the tropical islands are Winifred Quinn, Plant Protection Office, and Mary Ballieul, Mfg. Expts. Div.

Making the entire journey by air, the girls opened their tour with a 7-hour hop from New York to San Juan, Puerto Rico. A 4½-hour auto trip took them through the Caribbean National Forest. On a one-day stopover in St. Thomas, Virgin Islands, they enjoyed shopping and sightseeing in addition to a glimpse of one of the world's most luxurious hotels, the Caribe Hilton. Thence to Ciudad Trujillo, formerly Santo Domingo, where fabulous homes and new buildings caught their eye.

Haiti's a Highlight

The highlight of their air argosy was a stop in Port-au-Prince, Haiti. Smart shops and modern hotels contrasted sharply with crowded streets and women carrying baskets on their heads. Breath-taking mountain scenery, much like that of Switzerland, was everywhere to enjoy and the shops were filled with souvenir specialties including rum, sisal and mahogany products and hand-embroidered clothing.

From here they took off for Kingston, Jamaica, and an auto jaunt to beautiful Montego Bay, 120 miles to the north. Hiking, swimming, boating, and a stay at the

ultramodern Montego Beach Hotel made this part of their vacation journey memorable. They also took part in ceremonies selecting "Miss Jamaica of 1953." En route home aboard a Cuban Airlines plane, they put in at Camaguey, Cuba, for customs inspection before continuing on to Havana. A few hours later they were winging along on the home stretch from Miami to Washington to New York.

If there is one outstanding impression the girls brought home with them, it is of the tremendous hospitality to American tourists shown by the West Indies people. Add to this wonderful service, delicious food, and delightful scenery. Right now the two travelers have one thing in common—they want to go back and soon.

EKers interested in a West Indies vacation via plane or cruise boat may borrow such travel literature from the Kodak Travel Club library. KO and CW folk may select it themselves from the KO ninth floor cafeteria library. Other EKers may borrow it by contacting Bea Buchner, Camera Club and School Service, Kodak Office. State what particular islands you are interested in, or if you want a cruise from New York or a package flying tour from Miami.

Caribbean Curios

Mary Ballieul, left, and Winifred Quinn had added luggage when they returned from their Caribbean trip—sisal baskets, hat and purses, mahogany carvings, batik shirts and embroidered blouses.

June Hall's Snow Bound

Whether it's for skiing in the Canadian Laurentians, in the Adirondacks or at Burby Hollow, all June Hall needs is a pair of skis to make her the best dressed girl in the slalom class. Her ski suit is a water-repellent, wrinkle-resistant rayon-and-nylon combination gabardine. The jacket reverses to an all-white side, pants are cotton lined. Suit and matching gloves and cap are from McCurdy's Sportswear Dept. The Bass ski boots are from McCurdy's Shoe Dept. June now is vacationing from KP Medical's Bldg. 65 branch where she is a nurse. Her trail has led to Gray Rocks in the Laurentians for a week of outdoor sports. She's really an ardent skier, being secretary of the KPAA Ski Club and belonging to the Burby Hollow Club.

Jean Gudat, KO Public Relations, has her passport and her medical shots for her forthcoming trip to South America. Now she's awaiting departure day—Feb. 6. She will travel via Miami and Jamaica to Venezuela to join her sister and brother-in-law. They will tour the interior of that country and join the Caracas inhabitants in their pre-Lenten Mardi Gras celebration. She is hoping also to get to Trinidad where her cousin is stationed with the U.S. Navy.

Everyone said they couldn't do it, but Kay Andreado, Arlene Grimm and Mary Anne Wesley, all of KO Patent, did—and more—despite the fact the train was two hours late.

The trio spent a recent Saturday and Sunday in

New York following the busy itinerary planned in advance.

It read: Arrive at Grand Central, breakfast at Childs, shop and sightsee, change to heels and make reservations for dinner, matinee of "South Pacific," change for evening, dinner at White Turkey, Radio City's late stage show, Lindy's; Sunday, church at St. Patrick's, breakfast at Californian, ice skate at Rockefeller Center, eat at Toffenetti's, pack, change clothes, take bus tour, leave for station at 6 p.m.

Going to visit her sister for Christmas entailed flying to Santurce, Puerto Rico, for Mary Louise O'Reilly, head of KO's Stenographic Dept.

Bob Lauth Charlie Moyse Benny Samolis Al Hauck

Among Top Dusty Pinsters

Kodakglers fared exceptionally well in the second annual Industrial Management Council Men's Bowling Tournament which drew a field of 595. The bowlers pictured above finished among the first eight prize winners. Moyse, DPI, was runnerup with a 679 handicap total and received \$125. Finishing fourth was Lauth of KO with a 678 total. KP's Hauck and Samolis of H-E tied for seventh and eighth places with identical 667 series, including spots. A total of 25 Kodak entrants finished in the money.

Dept. 7 Tips KO for Lead; Kaypees Entertain GE Five

Ralph Zecchino meshed 33 points to pace Dept. 7 to its third win in as many games as the CW-KO Basketball League closed out the old year. Kodak Office fell a 48-43 victim of the Dept. 7 quint, which took undisputed possession of first place.

The previous co-leader, Dept. 97, dropped a 39-36 decision to the Finishers. Bob Grant of the winners and Dick VanMeter shared scoring honors with 14 apiece.

League standings:

	W	L		W	L
Dept. 7	3	0	Kodak Office	1	2
Dept. 97	2	1	Finishers	1	2
Dept. 70	2	1	NOD	0	3

Syracuse Team Here

Coach Ralph Taccone will send his Kodak Park quint against General Electric of Syracuse in the feature game of a doubleheader tomorrow night at the Park. The Kaypees' game will be preceded by a tilt between KODAKERY and Planning & General of the KPAA Departmental League at 6:45 p.m. The Bldg. 28 gym will be the scene of action. There will be no admission charge.

Kaypees Topple CW for Loop Lead

Kodak Park grabbed undisputed possession of first place in the National Division of the Industrial Basketball League Dec. 23 as the men of Ralph (Tick) Taccone knocked Camera Works from the unbeaten ranks, 54-44. A ding-dong battle for three quarters, the game developed into a breeze for the Kaypees in the last six minutes.

With two of their mainstays out of the lineup, Bernie Messmer's boys valiantly battled Ko-

dak Park on even terms most of the way. The Kaypees led 12-9 at the quarter, but at half-time the count was knotted at 22-all. At the third-period stop CW was still in the thick of it, trailing by a slender 33-32 margin.

Absent from the CW cast were Joe Cidoni, sidelined with an ankle injury, and Jack Dorrance, who has moved to New York City. Both had played prominent roles in the Messmermen's first three victories.

The Kaypees missed the services of Bill Coddington, ace rebounder, a trickworker.

Both teams had gained their third straight wins the previous week to set the stage for the crucial test. Les Fuller and Charlie Nesbitt paced Kodak Park to an 82-29 rout of Bausch & Lomb. Fuller bagged 18 and Nesbitt 16. Ralph Zecchino, with 22 points, was the big gun in Camera Works' 69-56 conquest of Ritters.

	23	8	54		14	16	44

Score by quarters:

Kodak Park	13	9	11	21-54
Camera Works	9	13	10	12-44

A standout in defeat was CW's Chuck Gray, 31, losers' leading scorer and defensive star. Gray battles Bob Fedder, 23, under boards. Below, he attempts to check Red Overmyer's lay-in shot. No. 29, CW's Serge Hornos.

BOWLING BITS

JOE MINELLA's 266 in a recent KPAA "A" League session was the best individual game bowled over the holidays. In the same circuit Al Ludwig and Al Heinz hit 646 and 640, respectively, for series honors. John Michalski rolled 248 and Bill Finucane crayoned 245-650. John Schilling previously found the range for a 245 game.

H-E HOLIDAY HIGHS: Bill Hamp 216-603; Ed Schneider 233, Jack Kohler 233, Ben Passer 226-600; Harold Albright 228, Frank Marszalek 224, Milt LaBarr 222, Vic Hodgkinson 220, Eric Michaelsen 220, Bob Kinder 215.

Girls—Reta Ritico 196, Shirley Starr 189, Jo Jamieson 185.

Joe Farrell, veteran KP softball, went on a strike spree recently while rolling in a KPAA league. Joe finished his second game with eight strikes and started his third with seven to close out a 617 series with games of 244 and 235.

KP YEAR-END LEADERS: Roy Sih 232-623, Art Pero 624, John Muszak 246-618, Bob Sherwood 232-613, Jerry Tufano 245, Don Davis 248, Ed Powers 247, Bob DeRoller 237, Les Kuech 243, Bob Tross 235, Joe Murray 231, Leo Amici 231, Frank Webster 230, Wes Wheeler 221. Girls—Ruth Heisner 524, Janice Ulrich 206-522, Marian Morley 213-599.

Bill Arsenault's Yanks hit 2,550 for the highest team series in the KORC National League. Joe Judge led the assault with a 235-604 effort.

Indoor Ski Class—Members of KPAA's first indoor ski class are pictured with instructor Bill DeWolfe. The "skiers," from left: Natalie Buckley, Ann Hall and Nancy Wochner, in left line; Amy Filippini, Mary Wilmes and Mary Lou Boyd. The Ski Club has planned a Turin outing Jan. 22-24. Deadline for reservations is Jan. 13.
