

**LEARN NOT  
TO BURN!**

*With the*  
**KODAK-GANG**

**EASTMAN KODAK COMPANY  
FIRE PREVENTION WEEK**

**Dear Parents:**

**This coloring book has one big objective- to make you and your family safer from home fires. Fire safety at home is easy for most children to learn, including preschoolers.**

**The pictures in this coloring book tell the story of fire safety all by themselves, but we encourage you to read the words to your younger children and have them answer the questions at the bottom of the pages. Some children may enjoy trying out some of the steps to take in case of a fire (crawling out of their beds and feeling the door for instance). And some children may enjoy using the books to teach their younger brothers and sisters.**

**We have enjoyed putting this book together for the Kodak community, and we hope it helps you and your family to 'LEARN NOT TO BURN'.**

**Most home fires occur AT NIGHT, when families are sleeping and fire spreads undetected.**

**When do most home fires occur?**

- ☐ In the morning, when you are getting ready for school
- ☐ At lunchtime, when you are eating.
- ☐ At night, when families are sleeping.

**Fire and smoke spread UPWARD.**

**Which arrow is pointing up?**

- ☐ ↓
- ☐ →
- ☐ ↑

The smoke that can hurt you, can also save you by setting off the **SMOKE DETECTOR** !

## **SMOKE DETECTOR SALE**

**What can help save you in a fire ?**

- ☐ Your pet.
- ☐ Your toys.
- ☐ Smoke detectors.

**Locate your smoke detector on the CEILING or high on a WALL.**

---

**A WALL-MOUNTED detector should be from 4 to 12 inches from the ceiling.**

**A CEILING-MOUNTED detector should be in the center of the ceiling, at least 4 inches from any wall.**

**When smoke and fire get close to your smoke detector  
a LOUD NOISE will be heard.**

---

**What will you hear when smoke and fire get close to your  
smoke detector?**

- ☐ Loud noise
- ☐ door bell
- ☐ train

**If you are in bed and you think there is a fire, CRAWL out of bed and FEEL THE DOOR first.**

---

**If you wake up and think there is a fire, what should you do first?**

- ☐ hide under your covers
- ☐ crawl out of bed and feel the door
- ☐ sit up in bed

**If the door is HOT....DO NOT OPEN IT!  
Smoke and fire can hurt you!  
USE YOUR EMERGENCY ESCAPE PLAN!**

---

**If your bedroom door feels HOT, what should you do?**

- ☐ open it
- ☐ hold it closed
- ☐ use my emergency escape plan

**DON'T STAND UP!**

**If there is ever smoke, GET DOWN on your hands and knees and CRAWL!**

## ESCAPE PLAN

There was an old lady who lived in a shoe, she had so many children and they still knew what to do!

---

Would you know what to do?

- ☐ Yes
- ☐ No

**The Kodak gang has an escape plan with a MEETING PLACE OUTSIDE AND WE PRACTICE.**

---

---

**Do you have an escape plan?**

- ☐ Yes
- ☐ No

**INCLUDE EVERYONE IN  
YOUR ESCAPE PLAN!**

**INFANTS**

**ELDERLY**

**DISABLED**

**DON'T BE AFRAID**

**Firefighters may look scary, but they are your FRIENDS!**

**Who sometimes looks scary but is your friend?**

- ☐ monsters
- ☐ pac-man
- ☐ firefighter

If your clothes catch on fire, **STOP-DROP-and ROLL** to smother the flames.

**DROP**

**&**

**ROLL**

---

If you or a friend are on fire, what should you do ?

- ☐ run
- ☐ stop, drop, and roll
- ☐ stand still

**Portable heaters can easily cause FIRE and BURNS. Keep curtains, clothes, and bedding away from them.**

---

**What can cause fire and burns?**

- ☐ portable TV
- ☐ portable heater
- ☐ portable radio

**Kitchen ranges, woodburning stoves, and fireplaces can also cause fire and burns !**

**FIREPLACE**

**KITCHEN  
RANGE**

**WOODBURNING  
STOVE**

**CHILDREN PLAYING WITH MATCHES** is one of the common causes of home fires.

---

**What is a common cause of home fires ?**

- ☐ children playing with toys.
- ☐ children playing with pets.
- ☐ children playing with matches

**BE A HIT**

**DON'T STRIKE OUT!**

### 3 BASIC PARTS OF FIRE

---

**AIR + FUEL + HEAT = FIRE!**

## 4 DIFFERENT KINDS OF FIRES...

**CLASS** **A**

ordinary combustibles

**CLASS** **B**

flammable  
liquids and gases

**CLASS** **C**

electrical equipment

**CLASS** **D**

combustible metal

**There are different kinds of FIRE EXTINGUISHERS to put out the different kinds of fires.**

**WATER**

**Use for class A fires**

**Works by cooling**

**CARBON DIOXIDE**

**Use for class B and C fires**

**Works by smothering**

**DRY POWDER**

**Use for class D**

**Different units for different metals**

**MULTIPURPOSE DRY CHEMICAL**

**Use for class A,B,C fires**

**Stops the chain reaction of fire**

## **KEY THINGS TO REMEMBER:**

- **Most fires occur at night between 8 p.m. and 8 a.m.**
  - **Fire and smoke spread UPWARD.**
  - **SMOKE DETECTORS** buy you and your family time to escape.
  - **Smoke detectors should be TESTED periodically.**
  - **Keep LOW in a fire - CRAWL.**
  - **Know your ESCAPE PLAN and MEETING PLACE.**
  - **Always know 2 WAYS out,  
(at home, school and vacation).**
  - **Firefighters are your FRIENDS.**
  - **STOP, DROP, AND ROLL!**
  - **Don't play with MATCHES.**
  - **Know your EMERGENCY PHONE NUMBERS.**
